ALLEGED SLAYER JOINED IN HUNT

Bloodhounds Trailing Murderer Led Searchers to Home of Member of Posse

Accused Man Immediately Arrested—Woman's Head Blown Off by Shotgun

MERRIDIAN, Miss., Nov. 25.—When bloodhounds trailing the supposed slayer of Mrs. Lewis Morris, 58, whose body was found on a farm near here, yesterday, led a sheriff's posse of which he was a member to his own home, Roy Miner, son of a wealthy local manufacturer, was immediately placed under arrest.

Miner, who is 22 years old, joined the posse when the dogs were started on the trail at the place where the body, with the head nearly blown off by a shotgun charge, was discovered. He remained with the posse, while the dogs followed the trail to the home of his father-in-law, J. E. Johnson and to the bed occupied by Miner the previous night.

Johnson, who found the body on his farm had reported to the authorities that he had heard Mrs. Morris order an unknown man from her premises and later heard a gunshot. He also was placed under arrest on information that the Johnsons and Morris families, previous to the killing, had been quarreling.

ACCIDENTS REPORTED TO THE POLICE

Several accidents were reported to the police over the holiday. On Wednesday evening at 7 o'clock while crossing Moody street near city hall with his machine, a motorist of whom the street was struck and knocked down by a machine driven by Henry V. Percutell. Welch was later attended by a physician for minor injuries.

Yesterday about 4.30 o'clock a Ford touring car being operated by Herbert J. Nason on the Lowell-Boston road in Billerica was struck from the rear by a machine operated by William J. Brady of Parkway, Revere. The wind shield and a wheel on the Nason car were smashed and Joseph Nason of Water street, Waltham, was injured and attended by a Lowell doctor.

While Mrs. Catherine Sullivan and daughter were crossing Westford street preparatory to boarding an electric car, they were struck by an automobile operated by Charles E. Bialdell of Fernald street. Bialdell took the mother and daughter home in his machine. They were not seriously injured.

MOTHER-IN-LAW OF HONUS WAGNER DEAD

Man Held in \$10,000 for Assault on Wife With Dangerous Weapon

Vincenzo, alias James Caselli, was arraigned before Judge Enright this morning charged with assaulting his wife with a dangerous weapon. He was ordered to recognize in the sum of \$10,000 for his appearance before the court Dec. 1. Caselli's arrest was made yesterday at 12.30 o'clock after he had rushed to the superintendent's office with a wrench in his hand, declaring that he had killed his wife. She is now in St. John's hospital, suffering from severe wounds about the head and face. X-ray pictures will be taken to ascertain if her skull is fractured.

The husband and wife are co-owners of 25 or 30 tenements in the city with a total value of about \$20,000. The defendant alleged that it was his wife's connections with another man that caused him to commit the deed and he told the police that he was in a frenzy when he attacked his wife. Dr. Tighe, the city physician, examined Caselli this morning.

Immediately after Caselli was locked up Supt. Welch and Lieut. David Petrie went to the home in Appleton street and found the wife bleeding and in a dazed condition on a bed. The ambulance was summoned and she was removed to the hospital.

MAY ABANDON GREECE

Allies May Permit Return of Constantine But Withdraw Financial Support

ATHENS, Nov. 25.—(By Associated Press.)—The Greek king Constantine, who has been driven from his throne by the two nations which wash their hands of the Greeks, either by concluding an arrangement with the Turks separately, or using General Wrangel's army, now reorganizing on the island of Lemnos, for a spring campaign against the Turks, should either of these steps be taken by France or Great Britain, there is apprehension they may abandon Greece financially.

General Kallis, premier, and Demetrios Gounaris, minister of war, are holding frequent consultation and it is believed the attitude of Great Britain is being closely examined. Both are reticent regarding the situation, but M. Rallis states he hopes for the return of Constantine.

Princes Andreas and Christopher, brothers of Constantine, adopted an unusual procedure today by visiting the premier. Christopher shook hands with all the porters and clerks at the office of the premier.

FINANCES RUNNING LOW

Auditor's Statement Shows Shortage in Several City Departments

The October financial report of municipal departments made its appearance at the office of the city auditor today and is of especial interest as it shows the financial condition of the various departments as the year draws to a close.

The health yard, for instance, on Nov. 1 had an unexpended balance of \$639 out of an original appropriation of \$115,000, but a supplementary appropriation since that time has revived its financial condition. The police department appropriation, originally \$285,000, had a balance of \$36,553.25 at the beginning of the month. The isolation hospital maintenance appropriation, originally \$20,000, had a balance of \$112.57, although the building has been open to patients only five days before the October statement was compiled.

The street maintenance appropriation of \$200,000 at the beginning of the year amounted to \$40,646.45 on November 1. The fire department's funds on the first of the month totaled \$57,156.25 out of a total appropriation of \$330,000. The buildings department appropriation of \$110,000 had been reduced to \$4,260.08 at the beginning of the month while the comfort station appropriation of \$3000 amounted to only \$578.48.

The park department had a balance of \$12,527.75 on November 1, out of an appropriation of \$35,000, while the school department, which has recently asked for a supplementary appropriation of \$60,000, had on November 1 an unexpended balance of \$217,676.21 out of an appropriation of \$550,000. The library department had only \$197.46 at the beginning of the month out of an appropriation of \$24,000.

WILL NEED \$1,000,000

School Department Expected to Request Unprecedented Budget in 1921

When the municipal council of 1921 sits down to compile the annual budget next February or March it is expected that for the first time in the history of the city a single municipal department will ask for an appropriation of \$1,000,000 or more. According to present indications, the school department will need at least that amount to do its work next year.

As a result, it is expected that the city's total appropriations budget next year will mount to heights hitherto unexcelled in local municipal finances. City Auditor J. Joseph Hennessy is of the opinion that it will reach very nearly the \$4,000,000 mark as against a budget of \$3,400,000 for the present year. Naturally, there will come a decided increase in the 1921 tax rate.

The school department at the beginning of this year asked for \$330,000 to carry on its year's work. The municipal council reduced this figure to \$280,000, but a few days ago the school committee served notice that it must not only have the \$30,000 which was cut from its original estimate last March, but an additional \$10,000 besides. If this \$60,000 supplementary appropriation is allowed by the council, the school department will have spent a total of \$340,000 by the end of the year.

This extra \$60,000 is not to pay for teachers' and janitors' salary increases which the committee is expected to grant at its meeting next Tuesday evening, according to a statement of the secretary of the committee. It is to meet the regular current expenses of the department.

If salary increases are granted, even though they do not begin until January 1, there will be an added \$2-million financial burden to be borne next year by the taxpayers and what these salary advances aggregate will become part of the 1921 budget.

If the school committee has been able to spend \$60,000 this year without granting it, the committee is making a general increase, it is only fair to assume that its estimate next year with such increases to be taken care of, will be well over the million dollar mark. In other words, the school department will eat up between 25 and 30 per cent. of the total amount of money which will come into the city's coffers during the year.

Never before has any one department asked or received such a sum. There have, of course, been million dollar loans for special projects, but they have nothing to do with the annual budget, to be raised directly by taxation.

This difference between loans and strictly maintenance appropriations has caused much misunderstanding among people who are not familiar with the technique of municipal finance. Some of the teachers who are working hard to have the school committee look with favor upon their petition for salary increases point to the fact that the sewer department was recently given \$20,000, but when the school department asks for money the municipal council throws up its hands and says there is none available. They cannot understand why it should be available for one department and not for another.

The \$20,000 recently voted Commissioner Murphy for the sewer department was on a loan. The money was not taken from the city's general treasury, but borrowed from banking houses. It will not be paid back this year or next, but will extend over a period of 10 or 20 years.

Such procedure will not be possible to raise money to pay teachers' salary increases. The law provides that the school department must be maintained directly by the funds that come in from taxpayers. It is not possible to go out and borrow money for that purpose.

WOBURN'S MAYOR IN AUTO ACCIDENT

While on their way to Lowell to spend Thanksgiving with John A. Quinn, of Chapel street, Mayor and Mrs. Bernard J. Golden, of Woburn and their one-year-old son narrowly escaped critical injury yesterday noon when the front wheel of their car was torn off as another machine speeding around a corner in Billerica Centro struck it.

Mr. Golden and the baby were thrown from the car and both received bruises but not of a serious nature. Mayor Golden, who was driving, remained at the wheel, where the front of the car was crushed in. The right wheel was torn off and the mudguard ripped from its holdings. The automobile which struck Mayor Golden's car is owned and was operated by R. B. Holden. The Golden family continued to Lowell and were able to return last evening. Mrs. Golden was formerly Miss Katherine Quinn of this city.

ARMY-NAVY GAME AT NEW YORK TOMORROW

NEW YORK, Nov. 25.—The spirit of Army-Navy rivalry began to permeate New York atmosphere today, on the eve of the annual football clash between the two service institutions tomorrow at the Polo grounds. The Annapolis players, headed by Coach Folwell, arrived here late last night, but Head Coach Daly waited until today to bring his charges down from West Point.

Hotels today already were taxed to capacity to house the advance guard of the crowd. Secretary Daniels and General Pershing stayed over after attending the airplane race at Mineola yesterday, and Secretary Baker was expected to arrive during the day.

Zealous care was being taken of the team making the proverbial army mile and the shaggy "William Goat" of the Middies. The latter spent last evening in a hotel with the navy players.

HARDING ENDS TRIP TO PANAMA

President-elect to Complete Short Visit This Afternoon—Busy Day

Pledge Brotherhood of United States and Panama at Banquet

ANCON, Canal Zone, Nov. 25. (By Associated Press.)—Senator Harding devoted today, the last day of his short visit at the Pacific terminus of the Canal, to recreation for the most part, although he had several more talks with Canal Zone officials. He rose early for a game of golf and later took a motor boat ride. Late this afternoon, he will leave by train for Cristobal, where on Sunday he will go on board his ship to return to United States, sailing for Norfolk. His return to Cristobal will complete a three days' visit here in which sight-seeing was combined with a practical study of problems which will confront him after he becomes president.

Not the least of these problems are the relations the new administration will maintain with the republic of Panama. The question of a proper military force for the Canal Zone also has engaged his attention.

Senator Harding today had luncheon with Brig. Gen. Kennedy, commander.

IRISH BISHOP THREATENED

"Horrible Government Outrages in Ireland" Denounced by Bishop O'Dea

Protests to Greenwood—Threatened Upon Return From Priest's Funeral

LONDON, Nov. 25.—Denunciation of the "horrible government outrages to which the people of Ireland are subjected," is voiced in a long letter to Sir Hamar Greenwood, chief secretary for Ireland, by the Most Rev. Thomas O'Dea, bishop of the United Dioceses of Galway and Kilmacduagh. The bishop warns Sir Hamar that his own life and those of other clergymen have been threatened, and that the Irish executive is responsible for their safety.

"Government outrages," the bishop declares, "have been incomparably greater in volume than those on the other side. The murder of Fr. Griffin of Oranmore was due to government forces and marks a new departure in the campaign which, apparently, indicates the beginning of an attack upon Catholics and religion."

When the bishop returned from the funeral of Fr. Griffin, he asserts, he found at his home a letter addressed to himself and bearing a Galway postmark. The letter read:

"If any members of His Majesty's forces are interfered with in Galway, you will meet Griffin's fate."

Considine, Father John W. O'Meara and Father John Connors, priests in his diocese, have been threatened with death, and that Father Connors's house has already been fired upon. He says a sacred shrine was smashed and vessels used in the celebration of the mass were stolen.

SAY EX-KING CAN NOT RETURN

Venizelos Declared Constantine Had Urged Bulgaria to Attack Serbia

Declares People Know He Gave up Fort Rupel to Germans and Bulgarians

PARIS, Nov. 25.—Former Premier Venizelos of Greece, talking to correspondents of Paris newspapers at Nice, last night, said that ex-King Constantine could not return to Greece. He declared Constantine had urged Bulgaria to attack Serbia.

"No, I tell you," said M. Venizelos. "Constantine cannot return to Greece. In spite of all the noise made around his name. The Greek people do not know much, but all the same they know it was Constantine who early in the great war, gave up Fort Rupel in Macedonia to the Germans and Bulgarians. Serbia knows that late in June, 1915, Constantine sent for M. Passaroff, Bulgarian minister in Athens and asked why Bulgaria did not attack Serbia, saying: 'Go ahead, you have nothing to fear while I am here, for I will never allow the Greek government to go to the aid of Serbia.'"

"If Prince George, the Duke of Sparta, should mount the throne, he would quickly realize, as did his unfortunate brother, the late King Alexander, that he is not sufficient to sell himself to the Kaiser, in order to reign like his father. So far as the Greeks are concerned at the present moment, Alexander or George would amount to the same thing. As to the allies, if George continues the same friendly and helpful policy which was mine, the entente nations have no reason for fighting shy of him."

BAR MEETING OF IRISH LEAGUE

MANCHESTER, England, Nov. 25.—The lord mayor and chief constable of Manchester, acting with authority from the home secretary, issued an order today prohibiting the meetings which the Irish Self-Determination League had proposed to hold tomorrow and Sunday. Arthur Griffith was expected to speak at these meetings.

The authorities explained that they had reason to apprehend the holdings of such meetings would conduce to a breach of the peace and promote disaffection.

PLANNING REVOLUTION IN GERMANY

HALLE, Saxony, Nov. 24.—German radical leaders declare that a program has been prepared with the aid of prominent Russian communists to start a revolution in Germany to set up a dictatorship of the proletariat. They say the attempt to overthrow the government will be made as soon as the more extreme element of the independent socialist party has perfected an organization which in the opinion of their leaders, would have some chance of success.

The radicals promise that the outbreak will come very soon, probably late in the winter or early next spring. They are of divided opinions as to whether they can overthrow the existing government, some of them saying the attempt probably will fail, others believing they will succeed, but all apparently are unanimous in the belief the effort should be made.

A number of leaders of the moderate wing of the independent socialist party, split with the left wing over the question of co-operating with the third international at Moscow to bring about the revolution, also express the opinion that there will be a serious attempt to oust the present government. One of these, a member of the reichstag, in an address before a right wing conference declared Dol-shevisin would sweep successfully over Germany and that it could not be prevented. After it had come and failed the socialists would have their turn, he said.

The more moderate socialists generally were of the opinion there could be no successful revolution at this time and declared the German people would never submit to a "dictatorship of the proletariat," or co-operate with the Russians in a policy of terrorism and destruction to promote the cause of the proletariat. They appeared willing to seek the establishment of a comradeship government of the working classes, by violence if necessary, but were opposed to a dictatorship or campaign of ruthlessness.

Differences between the two wings of the old party were sharply accentuated by the visiting representatives of the soviet regime, who defended terrorism on the ground of its necessity at the beginning of a revolution and strongly supported the absolute dictatorship of the proletariat. Through these arguments the right wing socialists sat silent except when some statement greatly angered them; but the radicals exhibited the wildest enthusiasm. The galleries supported them with applause and "The Internationale" frequently was sung by a

"I have been paralyzed on the whole right side since April 30th. I referred the case to a physician who wrote me, advising the use of 'Fruit-a-lives'."

I would not be without 'Fruit-a-lives' for anything; no more strong cathartics or salts; no more bowel trouble for me.

I recommend 'Fruit-a-lives' to all. I feel more like 40 than 62, which I have just passed."

chorus of hundreds who stood at attention until the martial music ceased.

Among the delegates on the convention floor and in the crowded galleries were many women and girls. These appeared to be about equally divided in their allegiance, but the supporters of the Moscow adherents were more demonstrative. The speeches of the delegates often were interrupted by thin-voiced protests of girls wearing the red button of the revolutionary army and women and girls always joined in the singing of the proletariat's anthem. The dull gray uniforms of former privates in the army were conspicuous in the galleries and those who wore them all seemed to know the words of "The Internationale."

The more influential leaders of the extreme radicals are gray-haired, veteran socialists, who have been closely identified with government circles since the first German revolution. Others are young and eloquent district labor leaders, who have been brought into prominence since the war by strikes and industrial disturbances.

"We are willing to subscribe unconditionally to the 'red program' to establish the dictatorship of the proletariat," a young radical said to a correspondent. "We don't want to be moderate. We want to be. There will be enough killings in the next revolution to spread a wholesome terror among the bourgeoisie. A revolution cannot be accomplished in a kindly, soft-mannered fashion. Blood must be shed and we are willing to shed our share of it. We are fighting a system that has hundreds of years of organization back of it and we cannot treat with it. It is life or death for the proletariat and the issue here has been drawn." Asked when he expected the revolution would begin, he answered:

"I could give you dates and figures, but of course I won't. However, you may expect it soon."

The plan of the radical leaders as near as can be learned is to form organizations in the several districts and have them prepared to co-operate when the call goes out. They say that if their first onslaught gives show of success, 5,000,000 Germans will quickly rally to their support.

Independent socialists opposed to the Moscow program are planning to correspond with radicals of all nations who are opposed to ruthlessness and agree upon a plan of action if possible.

The headquarters of both factions are in Berlin.

THANKSGIVING DANCE

Division 8, A.O.U., held its annual Thanksgiving dance last evening in the Hibbard hall, 1111 Erie street, with about 300 young people in attendance. A dance order of 20 numbers was enjoyed. The officers in charge were: General-manager, John Talty; assistant, Patrick Leahy; secretary, Patrick Sexton; reception committee, John McInerney, Joseph Garlity, Patrick Finnick, John Dwyer, Denis Dwyer, Frank McCarthy, John Kenney and Michael Duggan.

ANNUAL DANCING PARTY

The Fenway club held its first annual dancing party in Associate hall Wednesday evening. There was a large attendance and the program was very enjoyable. A feature of the evening was the drawing of a young live pig. The evening's program was in charge of Thomas Jones.

A freighter recently docked in New York city with 1000 specimens of birds, animals and reptiles from central and northern Australia for the Bronx zoo.

Keeping Fit

BY DR. SAMUEL HAMILTON.

It is because of the war that the perfect physical man has all at once become the idol of the world. You can make of yourself, even rather late in life, almost anything you like. You are not going to get fit in one day, one month, or, perhaps, a year, unless you take enough outdoor exercise to keep the circulation going and practise the athlete's first principle—to keep the system clean. He does not give his body a chance to absorb poisons. He not only takes his cold shower, after exercise, but he knows a cleansing of the intestines is important, and he takes occasionally a good regulator and liver cleanser, such as a dose of castor oil, or, what is much better, a tiny pill made up of May-apple, aloin and jalap, and sold by almost all druggists in the land as Dr. Pierce's Pleasant Pellets.

Keep the kidneys in good order also.

Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headaches, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night. Take heed, before too late! Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package of "Anuric."

WASHINGTON, Nov. 26.—American artillery in the world war was forced to drill with improvised wooden guns, rope harnesses and other expedients because of lack of equipment, according to the annual report of Major General William J. Snow, chief of field artillery, made public yesterday.

"Large quantities of guns, howitzers, ammunition and other artillery material are on hand, left over from the war," the report said, "and the country thus for the first time in half a century, has on hand sufficient stocks of artillery to equip a large army. Should war unfortunately break out within the next few years, we would be spared the spectacle of artillery drilling with improvised wooden guns, home-made telephones, rope harness and similar expedients which characterized the first year of the present war."

"An effort has been made during the

year to keep two artillery regiments trained and recruited up to strength for possible border duty.

Accomplishments during the year included the motorization of four regiments armed with 75 millimeter guns, and the development of new gas and smoke shells and a successful incendiary shell by the chemical warfare service.

AMUSEMENT NOTES
By the Theatres' Own Press Agents

THE STRAND
Olive Thomas, whose untimely death occurred in France recently, is the star in "Everybody's Sweetheart" which is being featured at The Strand. It was her last pictorialization, and it is said to be one of her most appealing screen offerings. The little star covers every angle of opportunity to reflect her exceptional talent and personal charm. Buster Keaton and William M. Crane will surely entertain you in their last big screen success, "The Sign of the Cross." The remainder of the bill is excellent.

B. F. KELTH'S THEATRE
Only a few more performances remain at the B. F. Kelth theatre, of the current bill, of which "The Fall of

Domino Syrup

Matches Domino Package Sugars in Quality

"Sweeten it with Domino"

Ever is the feature act. It is brilliantly played by Mabel Cameron, Alan Devitt and C. Carroll Clucas. McKee, the versatile monologist, is another winner on this bill, while Carl Emory and His Dogs constitute a very original exhibit on any stage. Royce Combe, with his novel songs, is rated as a real artist, and Kelley & Brown, in their singing and dancing act, display undoubted class. The remainder of the bill is satisfactory, including Parker Bros., sensational athletes, and Dell & Jess, human puppets.

ALLEN McQUHAE COMING
The coming of the great Irish-American tenor, Allen McQuhae at the Opera House Sunday evening next, promises to be one of the most musical treats of the season. Well known musical critics of this country unhesitatingly pronounced him the new McCormack. Besides possessing a really wonderful singing voice, he has an engaging personality, and can sing the good, old Irish songs as no other soloist can. He was at one time the soloist for the Minneapolis Symphony orchestra. The program that he has arranged for his local engagement is sure to make a strong appeal to all lovers of Irish melodies. Tickets are now selling at Steinert's, 2 E. Chaffoux Co. and at the Opera House. Order at once.

OPERA HOUSE
The Lowell Players at the Opera House will present James A. Herne's great New England play, "Shore Acres," today for matinee and night. The usual schedule calls for a layoff on Friday afternoon, but because of the big demand for seats the management has decided to give the extra afternoon performance today. "Shore Acres" is one of the best New England stories ever adapted to the stage, and in it the Lowell Players find excellent material in which to reflect their unusual talent. The piece has all of the pleasing elements necessary in the performance of a satisfactory play.

Next week, commencing with matinee on Monday, the offering will be "A Widow By Proxy," a delightful comedy, in which Miss Margaret Fields will be found in a splendid part. Order your tickets early.

MERRIMACK SQUARE THEATRE
Large holiday audiences enjoyed the big Robert W. Chambers production, "The Restless Sex," at the Merrimack Square theatre yesterday afternoon and evening. "The Restless Sex" deals with the woman who is not satisfied to be just a wife, but wishes to attain a niche for herself in the world of art. Stephanie Cleveland, a pretty New York society girl, is the central figure and her ambitions and romance form the story. Lavish backgrounds, including a ball scene that is said to surpass anything of its kind ever

Bigger, Better and Stronger

Recent improvements make the new O-Cedar Mop better than ever before. Being bigger, it will do more and better work—easier cleaning, dusting and polishing.

Being stronger, it will stand more hard knocks and last longer.

These betterments are for your convenience. To make dusting and polishing floors easier, quicker and better than ever.

The O-Cedar Polish Mop is big, broad and fluffy. The cords or strands are long. This gives it a broader cleaning and polishing spread. With it you can clean, dust and polish a floor in less time and do it in a far more satisfactory way than by any other method.

Second to the wonderful utility of the O-Cedar Mop is its simplicity. No taking apart to clean or to renew. Just immerse the entire mop in a bucket of boiling water and dash it up and down with the handle. In a few minutes it will be clean—renew it with O-Cedar Polish and it will be practically as good as new.

RIALTO THEATRE
Louise Glaum in "Love Madness," is the feature of two big screen attractions offered at the Rialto theatre for Thursday, Friday and Saturday. It is the story of the wife of a well-to-do business man who goes into the seamy side of the underworld and saves her husband from the electric chair on a charge of murder, of which he is innocent. The other big production that the Rialto is showing for the week end is David Butler in "The Fleekle Woman." There is also an Educational comedy with Johnny Hines in "Torchy's Millions" and the Fox news.

Rats from the trenches of war-ridden France are invading Paris.

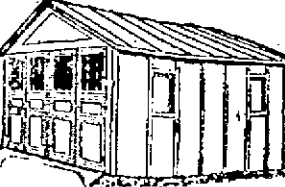

MATRIMONIAL
One of the prettiest weddings of the Thanksgiving season took place Wednesday afternoon at 4 o'clock when Mr. Charles E. Brown of this city, son of Mr. and Mrs. Charles Brown of Lawrence, and Miss Della M. Copley, daughter of Mr. and Mrs. John Copley of 3 Rundlett court, were united in the holy bonds of matrimony at St. Michael's rectory by Rev. James P. Lynch. Miss Copley is a popular Centralville young woman while Mr. Brown is a well known employee of the Thomas F. Hoban, proprietor of the Richardson hotel. The couple were attended by Miss Agnes M. McCabe as the bridesmaid and Mr. Joseph E. Sullivan as the best man. The bride wore light brown duvetyne with a picture hat to match and carried white chrysanthemums. The bridesmaid wore brown duvetyne, a picture hat, and carried yellow chrysanthemums. The

bride's gift to the bridesmaid was an aquamarine ring and that of the bridegroom to the best man a diamond stickpin and cuff links. Following the ceremony a wedding supper was served at the home of the bride's parents and at 5 o'clock in the evening a reception was held in I.O.O.F. hall, Bridge street, where a buffet luncheon was served and a happy program of dancing, music and other entertainment features carried out. The hall was appropriately decorated for the occasion. There were guests present from this city and Boston, Lawrence and Haverhill. Mr. and Mrs. Brown were the recipients of many beautiful gifts, including a large quantity of cut glass and linen. At 9.45 they departed on a honeymoon trip to New York city and upon their return will make their home at 41 Third street.

Mr. Eugene Joseph Lacombe and Miss Marietta Ward were married at Lacombe-Ward.

Refrigeration and Meat

In less than an hour after an animal is dispatched in a Swift & Company packing plant, it is hanging up as meat in a room brought by refrigerating machinery to a temperature just above freezing.

From that time until it is in your own ice box—within two to three weeks—it is kept at the same temperature; first in the coolers at our packing plants; next on our refrigerator cars, more than 6,000 of which are constantly moving to market with their perishable cargoes; then in our refrigerator rooms at our branch selling houses; then in your dealer's ice box, and last in your own.

Only for the few minutes while it is being put into the refrigerator cars at our packing plants, or taken out of them at our branch houses, or whisked to your retailer in our trucks, is it exposed to any change of temperature.

Without a skilled use of this system of cooling, made possible by modern science, you could not get fresh meat, prepared under most sanitary conditions, except at greater expense—unless you happened to live so near live stock raising centers that your needs could be supplied from live stock raised near-by.

If the foregoing raises any question in the mind of the reader, we will endeavor to answer it, upon request.

Does Not Propose to Be Excluded From Rights Under Mandates, Says Note

WASHINGTON, Nov. 26.—(By the Associated Press)—The American government has informed Great Britain that it does not propose to be excluded from participation in the rights and privileges secured under mandates provided in the treaties of peace. Furthermore, it expects to be heard regarding the terms of those mandates before they are put into force.

The position of the United States is set forth in a note by Secretary Colby to Earl Curzon, the British secretary of state for foreign affairs, and the specific question discussed is that of the Mesopotamian petroleum fields. Mr. Colby's note is dated Nov. 20 and was made public yesterday following its delivery to the British foreign office early this week. It is in reply to a British note of last August 9, which dealt with the application of the principle of equality of treatment to the

territories of the Near East to be placed under British mandates.

The American note taking issue with what is described as the British position that mandate agreements and treaties are to be considered only by

Good, Old Reliable Peterson's Ointment a Favorite Remedy

"Had 51 ulcers on my legs. Doctors wanted to cut off leg. Peterson's Ointment cured me."—Wm. J. Nichols, 102 Whiter street, Rochester, N. Y.

Get a large box for only 35 cents at any druggist, says Peterson, of Buffalo, and money back if it isn't the best you ever used. Always keep Peterson's Ointment in the house. Fine for burns, scalds, bruises, sunburn, chafing and the surest remedy for itching eczema and piles the world has ever known.

"Peterson's Ointment is the best for bleeding and itching piles I have ever found."—Major Charles E. Whitney, Vineyard Haven, Mass.

the states that are members of the League of Nations.

It states that the United States, as a participant in the world war "and a contributor to its successful issue, cannot consider any of the associated powers, the smallest not less than itself, debarred from discussion of any or of several consequences, or from participation in the rights and privileges secured under the mandates provided in the treaties of peace.

Mr. Colby says in his note that the American government accepts the statement of the British government that it has refrained from exploiting the petroleum resources of the mandated territories in question "and welcomes your pledges" that it is far from the intention of Great Britain "to establish any kind of monopoly or preferred position in its own interest."

"I need hardly refer again," Mr. Colby continues, "to the fact that the government of the United States has consistently urged that it is of the utmost importance to the future peace of the world that alien territory transferred as a result of the war with the Central powers should be held, and administered in such a way as to assure equal treatment to the commerce and to the citizens of all nations. Indeed, it was in reliance upon an understanding to this effect and expressly in contemplation thereof, that the United States was persuaded that the acquisition under

mandate of certain enemy territory by the victorious powers would be consistent with the best interests of the world."

Piles Are Absorbed Never to Return

Says Any Sufferer Who Tries Miro Internal Treatment Will Find This Statement True

Mrs. E. Walhala of Dayton, O., writes: "Regarding your wonderful discovery, Miro, I tried almost every kind of pile remedy on the market. Read about Miro and after taking one bottle can truthfully say I am entirely cured. There is no pile remedy on the market to compare with Miro. I can't praise it enough and the price is so small compared to its wonderful merits. Anybody afflicted with piles who tries a bottle will find this statement true."

The discoverer of Miro desires all sufferers to know that he doesn't want a cent of anyone's money unless Miro Pile Remedy cures them even the worst cases and he has instructed druggists all over the country to guarantee it in every instance. Ask Fred Howard about it. He sells lots of it.—Adv.

collectors spare nothing from levies except schoolbooks, and the assessments run so high that 10 cents a pound is exacted on all sugar while a tax of \$225 recently was demanded on an automobile that sells for \$393 in the United States.

These untried tax collectors have hoisted the rates to such an altitude that the near east relief injected a protest, its headquarters here was informed in a letter from one of their workers in Smyrna, Armenia, about 300 miles from Constantinople.

Liquor, blighted by prohibition since Oct. 1, is taxed a certain sum per bottle, irrespective of quality, the latter said. The time limit for expiring all intoxicants from the country terminates Dec. 1. After that the Kemal government will confiscate the balance of stocks.

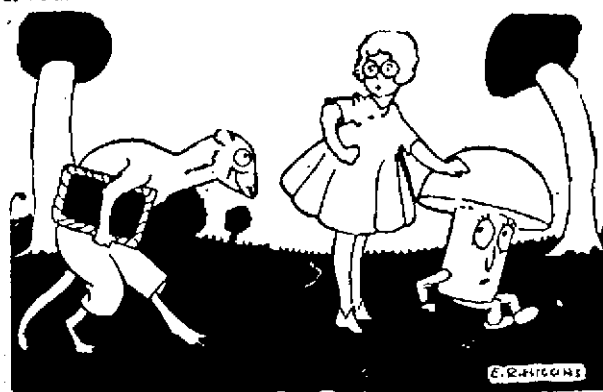

For 30 years special taxation has been exercised to fill a swamp that has caused malaria to blossom and flourish constantly, but the writer said "these hundreds of thousands of Turkish pounds have filled official pockets while the marsh still remains unfilled." The near east relief has a hospital only a mile away, and has persistently requested that this "plague-spot" be removed.

Twenty tons of apples were distributed on the downtown streets of Seattle during the Apple day parade, Oct. 30.

ADVENTURES OF THE TWINS

by Olive Roberts Barton

Nancy was substitute in the Meadow Grove school because Mr. Scribble Scratch, the fairy schoolmaster, hadn't showed up that morning and somebody had to pitch in and do the teaching. Nick had gone to the little man's house by the bittersweet clump to see what was the matter, intending to fetch Dr. Mink if he were needed. But we must find out first what was

WHEN WASP PASSED NANCY ON HIS WAY TO CLASS, SHE SAW THAT HE WAS GRINNING ABOUT SOMETHING.

happening in the fairyman's absence. Nancy called the geography class to stand up in a row and answer questions, after the roll was called. She didn't know much geography herself, but the Magical Mushroom (which was being the teacher's desk) promised to help her out if she stayed near. Now, one of the worst boys in Meadow Grove school was Waspy Weasel, called Waspy because he had such a sharp bite. He had tried Scribble Scratch's patience almost beyond endurance, and had worn out more dunce-caps than all the rest of the school put together. Not that Waspy was a dunce, not he, he was as sharp as a tack and quick as a streak of lightning, but he was just so bad, that

He wasn't so big, but he wasn't afraid of anyone twice his size, and he was a sneak, too.

When Wasp passed Nancy on his way to class, she saw that he was grinning about something and it made her uneasy. Then she saw him look around hungrily with a calculating eye and it made her more uneasy still.

REJOICE OVER RETURN OF BULL FIGHTS

MEXICO CITY, Nov. 25.—American fans never welcomed the opening of the baseball season with more enthusiasm than did "corrida" lovers in the Mexican capital greet the return of bullfights, after four years of prohibition. Flaming placards on every billboard announced that "El Toreo," the huge bull ring here, would again be the scene of battle to death and the newspapers in news stories and editorials heralded the opening of the season, which was auspiciously inaugurated the latter part of October and will run until the latter part of January.

During this period some of the world's best matadors, most of whom have been fighting in Spain, will appear. Among those who have been engaged at fancy prices are Adolfo Gama, Ernesto Pastor, Luis Freg, Fernandez Manafete and Juan Silvetti. The opening of the season with Silvetti, a Mexican favorite, and "Angelito," a Spanish youngster, appearing jointly was a festive occasion. At the last moment there had been a disagreement with the government both as to the amount of money to be paid by the promoters and as to the safety of immense amphitheater which for almost four years has been in practical disuse.

All difficulties were finally removed and Sunday afternoon found 25,000 cheering spectators awaiting the entrance of the first bull. Diplomats, high federal and civic officials, the city's social aristocracy paid their six pesos each to sit in the shade and watch the spectacle while several thousand peñeros (peons) were glad to all in the sun and pay two pesos each for the privilege. It was a gala day and six bulls were dispatched in record time.

Bullfights are held on Sunday afternoons and on the days of fiesta and Mexico City's glorious winter season which admits of no rain assures perfect weather. Six bulls are generally killed and clever matadors will complete the bill in an hour and a half. Gama, Pastor, Freg and Belmonte are said to receive from 3,000 to 12,000 pesos each for an afternoon's work. (Normally a Mexican peso is worth 50 cents.)

American Mother's Sympathy
for Country Cause of Son's
Fighting for Poland

PINE BLUFF, Ark., Nov. 26.—His mother's deep-seated sympathy for Poland, aroused by her pining over European history during a lonely childhood, is believed to be largely responsible for the career of Major Cedric Earle Fauntleroy, U. S. A., with the Polish air forces, where the major has been conspicuously mentioned during the past few months for his exploits against the Russian Bolsheviks. He is now in the United States on a mission for the Polish government, and plans soon to visit his mother, Mrs. May Fauntleroy, who lives at McGhee, Ark., a few miles south of this city.

"When I was a girl," Mrs. Fauntleroy said recently, "I lived with my grand parents. There were no children in the household and none near at hand. The five adults in the household talked of things that did not interest me. I was fond of reading, however, and grew to spend most of my time in grandfather's library. There I pored over big volumes of history. Poland's misfortunes made a deep impression on me.

"Childlike, I made the troubles of oppressed peoples my grievances. I have restored the Polish kingdom hundreds of times, in my imagination, and shed numerous tears because of the plight of Poland within the last century. I have fought her enemies and killed the plotters who destroyed her.

"Kosciusko was one of my much-mourned visionary friends, and according to my thinking, 'Freedom Shrieked When Kosciusko Fell' was the grandest poem ever written.

"Naturally, when Cedric was a child, I told him the stories of the tribulations of the Poles, and consoled him with the thought that some day when he became a man, he might help set Poland free. I am sure that those memories have spurred him on in his activities against the Russians."

ZIONIST LEADER PRAISES PRESIDENT WILSON

BUFFALO, Nov. 26.—Jacob de Haas, executive secretary of the Zion Organization of America, told the members of that organization in their convention here yesterday that President Wilson, the members of his cabinet and officials of the United States government seconded every effort the Zionists made to save Palestine as a Jewish homeland. When the San Remo conference wrote the Balfour declaration into the Turkish treaty "black despair was turned into a new and never before experienced happiness," he declared.

Into that effort the Zionists' Organization of America poured all its strength and whenever the story of political development of the movement from 1914 to April, 1920, shall be told, unmitigated praise will be given to President Woodrow Wilson.

"Touching on the present situation in Palestine," Mr. de Haas said: "The appointment of Sir Herbert Samuel as high commissioner to Palestine was in the eyes of most, even more significant than the San Remo decision, and there is plenty of evidence that Sir Herbert has brought a new spirit into Palestine and has made a wholesome readjustment of forces. One great change has evident come over Palestine, and that is that the Arab problem has dwindled to its natural proportions. But while the political problem has become simpler, the problem of the general development of Palestine still waits upon the settlement of the northern and eastern boundaries, a problem that is being settled outside of Palestine and the methods to be pursued in the actual development of the homeland, must, in considerable measure, await until the League of Nations has approved the terms of the mandate which are still in the making."

According to Mr. de Haas' report, the American Organization is paying from 70 to 80 per cent of the budgets of the entire movement. From September, 1919, to July, 1920, the American Organization paid out \$75,000 a month to the International Organization, including the cost of maintaining in Palestine the American Zionist Medical Unit in conjunction with the joint distribution committee. Since July the expenditures have been changed so that the International Organization receives \$25,000 a month and the Medical Unit \$35,000.

REDS WITH BOGUS MONEY ON WAY TO U. S.

ANTWERP, Nov. 26.—Attempts of Bolshevik agents to get through to America with counterfeit money, made has been secured of a plan to send to in Moscow, which it is believed they

planned to use in financing radical movements in the United States, have been discovered and, perhaps, thwarted by American government agents in Central Europe.

In connection with what officials believe to be a very carefully organized scheme to encourage strikes, unrest and promote Bolshevism in the United States, directed from Moscow, evidence has been secured of a plan to send to the United States bogus paper cur-

rency of several European nations, to be changed there into valid banknotes or securities.

Four men, coming direct from Moscow, who sought to go to America, were known to have had in their possession counterfeit French banknotes representing more than \$100,000.

The Moscow scheme, according to these officials, is quite simple; the changing in one country of the false counterfeit money of another, on the

theory that bankers are not particularly familiar with the appearance of foreign currency.

A considerable amount of this bogus money is believed to have been passed successfully in America, as recently, a number of Polish Bolshevik agitators, returning to Poland from America for the purpose, it is believed, of promoting Bolshevism behind the lines of the Polish army which was fighting the reds, have had in their possession thousands of dollars in American currency, thought to have been secured in exchange for bogus foreign banknotes in America.

"This Moscow counterfeiting scheme is an exceedingly ingenious double-acting one," said one police official who has been following it. "The Kremlin theory is that this 'queer stuff,' when changed, provides good money for Bolshevik uses, and, at the same time, by flooding the world with bad money, sends prices up, creates unrest and makes things ripe for the big revolution Lenin is looking for."

BETTER PROTECTION AT GRADE CROSSINGS

WASHINGTON, Nov. 26.—A campaign for the passage of laws in all states requiring better protection of railroad grade crossings is to be carried on by members of the Association of State Railway and Utility Commissioners, which recently held its annual convention here.

A special committee appointed to investigate the whole subject said the elimination of all grade crossings in the United States "would probably cost as much as all the railroads are worth." It recommended laws requiring that every grade crossing be protected by an approach warning sign, placed in the highway at a distance not less than 300 feet on each side of the railroad tracks. The sign should be a circular disk not less than 24 inches in diameter, and properly lighted at night if deemed necessary.

Railroad companies would be required to maintain within the limits of their rights of way proper cautionary signs, to be equipped with a red light at night where necessary.

Other provisions of the proposed law include:

Crossing flagmen to use during the day a uniform disk 16 inches in diameter painted white with a black border and the word "STOP" painted thereon in black letters about five inches high.

Crossing gates to be painted with alternate diagonal stripes of black and white.

Railroad property at grade crossings to be maintained free from obstructions to vision, and highway approaches to be graded so as to permit free passage of vehicles.

Automobile drivers to come to a full stop at crossings not protected by gates or a flagman.

Between four thousand and five thousand persons are killed each year from trespassing upon railroad property and as many more injured, the committee said in urging passage of laws making such trespassing a misdemeanor punishable by fine or imprisonment.

THE ZEBRA IS A
RACE-SUICIDER

Zebra census statistics from South Africa show a large fall in numbers of the striped "horse" as they have been called. The Chapman zebra, pictured above, is nearly extinct, due to race suicide, which in turn is due to the encroaching of civilization. The Burchell zebra is holding its own in better shape, but it, too, is a mere remnant of what it once was in numbers.

THANKSGIVING IN CITY INSTITUTIONS

Inmates of the various local homes and orphanages spent a happy Thanksgiving with excellent dinners and enjoyable entertainments. Feasting the observance.

At St. Peter's orphanage the children enjoyed a bountiful Thanksgiving dinner at noon and in the afternoon were entertained by a group of singers, instrumentalists and dancers, including Paul McCarthy, Frank McCarthy, James Coughlin, John McAdie, James Daly, James O'Garra, Mrs. Conroy, Little Miss Mary Conroy, Miss Evelyn Withson, Miss Mabel Barrett and Mr. Knight of Hitterlea. After the entertainment a buffet luncheon was served. The day's program was under the auspices of St. Peter's Orphanage association.

French-American Orphanage

At the French-American orphanage in Pawtucket street a turkey dinner with all the fixings was served at noon under the direction of Notre Dame de Lourdes, society of St. Joseph's parish and at 2 o'clock a vocal musical and literary program was given in the assembly hall much to the delight of the little ones.

Children's Home

The dinner at the Children's home in Hesper square consisted of stuffed turkey with all the fixings and in addition the children were treated to candy, nuts, figs and other toothsome delicacies. In the afternoon a special entertainment program was given.

Yuth Home

The big attraction at the Yuth home in Westford street was the turkey dinner, which was served at noon. After dinner the occupants of the home were entertained with musical and literary numbers.

Chelmsford Street Hospital

Roast pork was the piece de resistance at the Chelmsford street hospital and in addition the inmates were served plenty of pie, cake, fruit and other good things. In the afternoon a Victrola concert was given.

The agricultural department is considering disinfecting all fruits from the tropical countries where the citrus black fly is infecting the plants.

CUT THIS OUT

OLD ENGLISH REMEDY FOR CATARRH, CATARRH, DEAFNESS AND HEAD NOISES

If you know of some one who is troubled with Catarrh, Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs, which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious for sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Borax (Double strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Borax used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.—Adv.

BROOKLYN UNDERTAKER GETS 3 TO 7 YEARS

NEW YORK, Nov. 26.—John Romanelli, Brooklyn undertaker, convicted of the larceny of 1000 gallons of wood alcohol which caused the death of 100 persons in Connecticut and western Massachusetts last Christmas, today was sentenced to serve from three and a half to seven years at hard labor in state prison.

Relieves Rheumatism

If You Haven't Tried Beggs' Mustardine You'll Marvel at Its Speedy Action.

Oh, what quick relief! The sharp, agonizing pains of rheumatism relieved in a few minutes—gone in an hour. No wonder rheumatic sufferers swear by it and use it freely. And now that you have in your home a yellow box full of this quick-acting pain killer on earth, bear in mind that it gives just as quick results when you have a sore throat, or a cold in the chest, or lumbago, neuralgia or sore, aching feet. Just rub it on; that's all you have to do, and you'll find that toothache, earache, headache or backache won't linger with you long. Just think—a 30c box is equal to 50 blistering mustard plasters, but Beggs' Mustardine cannot blister even the tenderest skin—the yellow box—30 and 60 cents.

FINAL GAMES IN BOOTH MILL LEAGUE

In the final contests of the Booth Mill Bowling League Wednesday evening, the Mechanicians took three points from the Office team; the Spinners three from the Electricians; the Waste department four from the Weavers; and the Carders three from the Cloth Room. The highest three prize total was 295 by Morin of the Spinners and E. JUVENILE COURT

In the juvenile court today Arthur Dube and Robert St. Jene were sent to the Lyman school and Eva Wedge to the Lancaster school. Three young men charged with breaking, entering and larceny from camps in Tyngsboro and also held on suspicion in connection with the burning down of two cottages there, were found not guilty and discharged by Judge Enright.

HELD ANNUAL WHIST AND ENTERTAINMENT

About 500 people attended the fifth annual whist and entertainment, which was held at the C.M.A.C. hall in Pawtucket street Wednesday evening, under the auspices of the baseball team of the association. A feature of the evening was the drawing of a 15-pound turkey, each holder of a ticket having a chance to win the bird. The winner was Miss Mason. The evening's program was presided over by Adolphe Brassard, president of the association and in the early part of the evening whist was played, handsome and valuable prizes being awarded the winners. Later an entertainment program was given by F. X. Chantreau of Boston, Miss Laplante, George Demers, Mr. Asselin and others. J. A. N. Chretien had charge of the following scorers: Maurice Arcand, Joseph and Albert Simard, Romeo Lozeau, Joseph Cote, Willie Lussier, J. Desruisseaux and Raymond Simard. The officers of the committee were: Albert Guilbeault, chairman; Philippe Morin, treasurer, and Romeo Lozeau, secretary.

LOLLYPOP PARTY AT LINCOLN HALL

The South End Summer club will conduct a novel dancing party in Lincoln hall this evening. Lollypops will be distributed as favors and the South End organization claims the distinction of being the first club to introduce this novelty at a dancing party. An extended dance order has been arranged and everything points to an enjoyable evening.

B. & M. STOREHOUSE LEAGUE

On the Postoffice alleys Wednesday night the B. & M. Storehouse league rolled for contests. Team 1 took three points from Team 3 and won the game by 11 pins; Team 2 split even with Team 4 and lost the game by 22 pins. The summary: Team 1—Firth 247, Bedard 121,

PRICE REDUCTIONS ON WINDOW SHADES

NEW YORK, Nov. 26.—Price reductions of approximately 33 1-3 per cent. on window shades were announced today by the Columbia Mills, Inc., the

largest manufacturers in that industry in the country. The prices of shade cloths and rollers also were reduced one-third. The reductions, which bring prices to near the pre-war level, were made possible by slumps in the prices of cotton and other materials, the announcement said.

LAST SURVIVOR OF ST. JOHN CREW DEAD

ST. JOHN, N. B., Nov. 26.—Elijah Ross, last survivor of the St. John crew which won many national and international four-oared races half a century ago, is dead here at the age of 76.

THREE KILLED IN RACE

Chevrolet and Jolls Dashed to Death on Track— O'Donnell Died in Hospital

SPEEDWAY, LOS ANGELES, Nov. 25.—Gaston Chevrolet, famous racing driver, and Lyall Jolls, mechanic for Ed. O'Donnell, were killed yesterday, when Chevrolet's and O'Donnell's machines crashed together on the Los Angeles speedway, at the east end of the grandstand, near the close of the 250-mile race.

O'Donnell was so seriously injured that it was at first reported he was killed. His skull was fractured and both arms broken. He was rushed to the hospital, where he died this morning.

John Brasnahan, Chevrolet's mechanic, was seriously injured. Chevrolet, it developed, had won the national championship for 1930 on a point basis, Roscoe Sater, winner of the race, being far behind.

Barley the Winner

Roscoe Sater, driving the distance without a stop, won the 250-mile race. Eddie Miller finished second and Eddie Hearne third. Sater led on every lap but one and in addition to first prize of \$10,000, took nearly the same amount in lap prizes. Miller and Hearne won \$6000 and \$3000 respectively. Jimmy Murphy finished fourth, taking \$2000 in prizes, and Joe Thomas was fifth.

Sater's time was 2:25:20, an average of 103.2 miles an hour. Miller's time was 2:26:14 and Hearne's, 2:27:27.

The accident occurred while Chevrolet, O'Donnell, and Joe Thomas were fighting to make up the half a dozen laps they were behind the leaders at the 150-lap point. The three cars were bunched on the east turn.

According to persons grouped about the turn, Chevrolet turned to pass Thomas, who was on the inside of the bowl, and his car struck that of O'Donnell, who was on the outside. O'Donnell's car turned and plunged down the incline and Chevrolet's, apparently out of control, shot to the top of the track, tore 20 feet of the fence, when rolled down the incline on top of the wreckage beneath which O'Donnell and Jolls were pinned.

Thought O'Donnell Dead at First
All four men were removed to a hospital. O'Donnell was unconscious, his skull fractured and both arms broken and attendants brought information to the judges' stand he was dead. The officials announced that both had been killed and it was nearly two hours after before the news spread that O'Donnell was still living.

attention to the judges' stand he was dead. The officials announced that both had been killed and it was nearly two hours after before the news spread that O'Donnell was still living.

Jim Crosby finished sixth. Al Melcher, Tommy Milton and John Thibault were forced out by engine trouble. Chevrolet's point total for the season in the championship competition was 1030, all acquired previous to yesterday's races. Milton, who did not finish yesterday, had 230, with other competitors as follows:

Murphy, 235; Ralph de Palma, 605; Sater, 540; Thomas, 351; Mulford, 350; Hearne, 345; Ira V. Vail, 140; O'Donnell, 110. Mulford and Vail were not entered in the race yesterday. De Palma was entered but did not start.

YESTERDAY'S RESULTS

At Boston—Frank Tillie won from Mickey Donovan on foul in fifth round. At Leavenworth, Kas.—Jack Johnson knocked out Frank Owens in eighth round.

At Philadelphia—Lew Tendler wins over Johnny Tillman in eighth round.

At Salem—Sailor Joe Gibbs awarded judges' decision over Dummy Burns in 10 rounds.

At Providence—Mickey Devine, Rhode Island lightweight champion, won Rhode Island welterweight crown by winning the decision over Young Gould.

At Philadelphia—Villa Jackson won over Matt Brock in four rounds. The referee stopped the bout because of the punishment meted out to Brock. At New York—Tommy Noble and Sammy Sieger went 15 rounds to a draw.

"Workman Day" Celebration

HUNTINGTON, W. Va., Nov. 26.—"A Workman day" celebration will mark the Huntington High alumni football game here Saturday, when five Workman brothers, including the two Ohio state university stars "Hoge" and Noel, will participate in the game. Three of the brothers will be in the alumni lineup and two younger brothers will play with the regulars. The mother of the five has announced that she will be a spectator at the game and will root impartially.

Centre College Scores 469 Points

DANVILLE, Ky., Nov. 25.—Some football enthusiasts here were convinced today that they might have to buy adding machines if they should see Centre college play again this season. The "Praying Colonels" yesterday defeated Georgetown college of Kentucky, 103 to 0, making 469 points they have scored in nine games this season to 55 for opponents. "Red" Weaver, Centre's center, who played only a part of the game, kicked four goals, making 90 consecutive ones for him.

Ty Cobb Booted Out of Ball Park

SAN JOSE, Cal., Nov. 26.—Ty Cobb was booted out of the ball park by indignant fans who came to see him play here, when he quit the game yesterday at the end of the sixth inning after an argument over an empty ball. The umpire and the San Jose team refused to take the ball to which he objected out of the game. He declined to go to bat, and left the park. His All-Stars were defeated, 7 to 6.

Leonard Meets Welling Tonight

NEW YORK, Nov. 26.—Benny Leonard, world's lightweight boxing champion, will defend his title tonight against Joe Welling of Chicago, in a 15-round bout to a decision. The winner will receive a diamond-studded belt to be presented by Tex Rickard. A 10-round bout also will be fought between Panama Joe Gans and George Christian, who will contend for the colored middleweight championship now held by Gans.

"Taking the Bull by the Horns"

O'Brien Cuts Clothing Prices to the Limit

The clothing business is in a blue funk. Prices are tumbling, largely due to speculators who over-reached themselves. Now they must cash in at any sacrifice. It's a tough situation for the dealer—but a Godsend to the man who needs clothes.

In this time of hesitation we're "taking the bull by the horns" (not throwing the bull.) We haven't an overstock, but we have a sizable stock that's worth much less today than when we bought. So, we're cutting prices to the limit—away below what these same goods will be worth another season.

Every suit, overcoat and ulster in our stock is marked down—in many cases much below the cost—even blues and blacks, usually reserved from sales, are included.

BAR UNDESIRABLE IMMIGRANTS

The time has arrived when our immigration officials should take steps to exclude the dangerous classes of foreigners such as Bolsheviks, anarchists, convicted criminals and persons suffering from infectious diseases.

At the present time they are coming to our shores in large numbers without proof of their desirability or question as to their fitness or their intentions in coming here.

The charge is made that there is collusion between the steamship companies and the corrupt officials of European governments to dump immigrants of all kinds on these shores. To the eagerness of the great transatlantic steamship lines to get business, has been due in past years, much of the European craze in favor of emigration to the United States as a sort of Eldorado. Each particular company tried to outdo all competitors in offering inducement to emigrants with the result that Europeans were dumped in our eastern ports by the thousands.

The immigration laws now in force forbid the admission of criminals, paupers, the mentally deficient, anarchists and persons suffering from infectious diseases or likely to become public charges.

It is impossible to identify each and every immigrant who belongs to one or other of these classes; after they land upon our shores. The time to test their status is before they embark. Let each be compelled to furnish proofs of good health, good character and the other qualifications required. All this can be done on the other side of the ocean with reasonable success and should be done. It is high time the necessary steps were taken to prevent any further influx of Russian Reds, of whom we have already far too many.

So great is the misery all over the continent of Europe at the present time that unless some restriction is imposed the volume of immigration will reach unprecedented proportions. The only obstacle, apart from the operation of our laws, is the expense of the voyage.

The Russians want to get away from the bloody sway of Lenin and Trotsky and the Austrians from a severe famine of food and fuel, while the peoples of many other nations borne down by the burden of taxes would gladly come here if they could pay the price. By far the greater part of the immigrants will be women, because of the great number widowed or left in destitute circumstances by the war. It is not likely that many men will leave France, but undoubtedly thousands of the women will be glad to get the opportunity to visit their lot on the shores of the United States. The French people have been most favorably impressed by our service men whom they met during the conflict and have a very high opinion of our government and our country. Against French immigrants there can be no objection, provided they meet the requirements of the law. They proved their devotion to the cause of freedom, and in view of the friendship between the two great republics, we should be glad to share our freedom with such of the French people as wish to come here.

PUT FEAR ASIDE

It is an unfruitful day at present that does not bring forth something new from the sharps who delve about in the realm of nerves, psychanalysts and the subconscious. One of their latest achievements is to invent a new word to describe something that is very old. It is phobothenia, or, as it is sometimes written, "phobiatheia." It hasn't found its way into the dictionaries yet, but, given time, it will doubtless arrive there.

"Phobothenia," in plain English, is a disease that causes its victims to be morbidly afraid of things. "Phobia," the dictionaries tell us, is "a Greek word denoting fear, and often implying dislike or aversion."

Fear is but a sham and bogey because we only fear the hidden, the imaginary, the mysterious. It is the possibilities that lurk behind the enveloping veil of the unknown that terrify.

Men who went across to France told of sickening sensations of fright that preceded the anticipated order to go forward over the top. But, once the trench had been mounted, the rush into blistering fire, the hand-to-hand grapple with the enemy dispelled their terrors. The real presence, the nearness of death was forgotten because of its very immensity.

In our social affairs we are shackled from going forward by "phobothenia." Advance a project for social or civic improvement here in Lowell, or any other place, and if it's new and untried, see how quickly you will be met with the objection—that has never been done anywhere; let someone else try it. Fear again—fear of disastrous consequences, which, if they materialized, would be grappled with and conquered bravely enough, is the great obstacle.

A cure for the disease—it is probably like the small boy and the core of the apple he was eating—there "ain't" any; but it must be fought by all who want real progress and success.

MAKE GRAFTING DIFFICULT

In the conduct of the business of our city, the greatest opportunity for waste and extravagance always rests in the street and building departments. For this reason it would be well for the charter commission to provide the proper safeguards so that there would at all times be skilled direction of both departments and open competition, not restricted to local contractors, for the construction of all new buildings. The corruption revealed in the build-

ing operations of New York city has opened the eyes of the country to the necessity of precautions against corruption everywhere. It is right and just that in the organic law of the city there shall be ample safeguards against fraud, if at any time the responsible officials should forget their duty and undertake to rob the city. What has happened elsewhere may happen here and that is why the charter commission should adopt a system that will compel efficiency and minimize, as far as possible, the opportunities for graft. Some will say that it all depends upon the men elected to responsible positions; but it is well to assume that at some future time a very bad man will be elected to this or that office. Now it is up to our charter builders to frame a system of checks, competition, reporting and accounting that will make municipal grafting a great deal more difficult than it is at present.

GERMANY PROTESTS

Considerable commotion has been caused in Europe by the action of Germany in notifying the League of Nations that she repudiates her signature to the colonial clauses of the peace treaty.

That is a protest against the handing over of her colonies to England. Undoubtedly Germany will endeavor to make trouble over this part of the treaty if she ever has the chance and the ability to do so. This declaration will cause England and France to send out the alarm that Germany plans another world war. If Russia ever forms an alliance with Germany against the other powers of Europe, the worst fears of the empire will be realized. Apparently England is out to be the first power to win the favor of Russia. If John Bull fears her as an enemy, he will try to bind her in alliance as his friend. That is the policy by which he maintains friendly relations with Japan.

THE PRIMARY RESULTS

In the first sitting of the candidates seeking nomination for the municipal council and school board, the electorate evidently endeavored to pick the best men and undoubtedly came as near doing so as could be expected.

We are satisfied that had there been better men up for either board, the voters who are not tied to political machines would have supported them. That more representative men did not seek places on the ticket is due to the system, the charter, and not to the electorate. Yet the electorate is blamed but without regard for truth and justice.

At the city election there will be a still further sifting which will eliminate just half the nominees. In that process there is likely to be more party and political influence used than was applied at the primaries.

POSTAL SAVINGS BANKS

Congressman Clyde Kelly claims that one arm of the government loaned \$150,000,000 of the people's money to banks at 2½ per cent. and another arm borrowed it back at 6 per cent. The congressman would remove the limit from postal savings and pay 4 per cent. on all deposits and then loan it back to the people at 5 per cent. His aim is to make the postal savings bank a valuable institution for the benefit of the people locally. Under present conditions the money placed in the postal banks is removed from local control or investment. If deposited in local savings banks it would be loaned on mortgages or other securities. The interest would be higher and the security beyond criticism.

THAT DEFICIT

It is announced that the republican national committee spent \$4,023,530.09 in its campaign and has still liabilities amounting to \$1,500,000. Chairman Hays modestly calls upon republicans for Thanksgiving offerings from friends of the party and there is little doubt that it will be promptly forthcoming. There are certain interests which will be glad to have a share in this work, confident that the reward will come afterwards.

If the young women of the Normal school absorb all of the good advice about the duties of citizenship that is to be offered them in the series of talks that has been arranged by Principal Clarence M. Wood, what wise and excellent oracles some husbands of the future are to have to consult before visiting the ballot box.

A Mississippi man was taken from the presence of the court before which he was being tried, tied to an automobile, dragged through the town, hanged to a tree and his body riddled with bullets. And this was in the United States of America where we call ourselves civilized.

Calvin Coolidge says that organized capital has been divorced from a part in the government because of its misdeeds. He seems to have forgotten the Mass. chiselite senate upon which the "big interests" have never relinquished their hold.

It is nice to see the restaurants prospering, but we cannot help wishing that more of their Thanksgiving Day patrons had been gathered around the tables in their respective homes.

Highest Kind of Work

Lazy Lorenzo and Dog-Tired Dick were discussing something they knew little about—work.

"I think," said Lazy Lorenzo, "that if they did away with work altogether it'd put an end to these big strikes."

"Yus," said Dog-Tired Dick. "That'll be the time when everything's done by electricity. Only got to press a button and the job's done."

A slow horror dawned in Lazy Lorenzo's eyes.

"That won't do!" he said, emphatically. "Who's a goin' to press the button?"—Houston Post.

The Sandwich

When a person goes into a restaurant and orders a sandwich, he little knows, nor little cares, perhaps, the history that's come down through the centuries as to just how the lowly sandwich got its name. But perhaps one pricks up his ears when told that gambling was at the root of it. To the same man, history tells us, is due the credit for the naming of the sandwich and the naming of the Sandwich Islands. He was John Montagu, Fourth Earl of Sandwich. The earl was considerable of a public man, it seems, a good debater, and a sporting man. He was an inveterate gambler. As a result of this, he frequently gambled all through his meal hours, "sitting out," the story has it, for "a slice of meat between two pieces of bread"—there one has it, the sandwich. And just to make the memory of the inventor of the sandwich indelible, Captain James Cook, that wonderful navigator, named the Sandwich Islands for him back there in 1773.

Emancipator

O, the hours I have devoted to the books that I have bought! Not because I wished to read them, but because I thought I ought; And I waded through their chapters to the last and final page, With a dogged perseverance, in a dumb and helpless rage.

Conscientiously I plodded, not a single word I skipped; Though it gave me small enjoyment, seldom was my interest gripped; Picky as a village sermon, dry as some old parchment deed— Still, persistently I swallowed books I thought I ought to read.

Now, how changed the situation! All undecided by myself, I can gaze on unread volumes standing neatly on my shelves. Though I have great tomes of wisdom, to peruse them there's no need; Circumstances alter cases. Now, I do not have to read.

I can sit in lazy comfort, flipping uncut pages over. While no guilt pang of conscience bids me read the weary lore; Gloating over rare old volumes and editions de luxe— I've become a book collector—and we never read our books.

—Carolyn Wells, in life.

THE MAN ABOUT TOWN

It is a pleasure to some of us to see a play of the type of James A. Herne's "Shore Acres" come back to Lowell. After a diet of plays, movie and otherwise, picturing in varying terms and under slightly different conditions life in supposedly high social circles which, while they may have their glamor, are not very real to the average man or woman, it is a cause for congratulation that a chance is afforded to get into contact with plain, old-fashioned people who never heard of "vampires" and to whom the mysteries of hectic society life were real mysteries. James A. Herne excelled perhaps all of our writers of plays in picturing the solid New England character, something as it really is. He had but one rival—Denman Thompson. Mr. Thompson, however, created but a single play that was a success—"The Old Homestead"—and but a single character that is remembered—Josh Whitcomb. His friend, Joseph Jefferson, stands out as about the only other actor of his time whose name is imperishably associated with a single part—Rip Van Winkle. But, Jefferson, unlike Mr. Thompson, proved that he could delineate not only a single character, if the public would permit it, which it refused to do in his case. Those who ever saw him in "The Rivals," "The School for Scandal," or a number of the other old comedies, are able to treasure memories of rare and finished acting such as goes only with rare genius. James A. Herne's first real stage success was scored in "Hearts of Oak." Nothing less than the author's genius for presenting the true standards of New England character could have presented one of the scenes in the play in which, as sort of an Enoch Arden he returns to the home scenes he has deserted to play unknown with his own child beside his own tombstone, from becoming pathetic.

It is almost impossible, I believe, to overstress the need for generous donations to St. Peter's orphanage upon the occasion of the annual donation day tomorrow. The year, more especially than in years past, there is urgent call for supplies of all kinds at the home in Stevens street owing to the increase in the number of children being taken care of at the institution. The sisters of the orphanage rely to a large extent on the generosity and co-operation of the public in carrying on their wonderful work and so far, their confidence has never been misplaced. Linen, clothing, food and similar articles will be gratefully received. A musical program, always a greatly anticipated feature of the annual donation day, will be carried out as usual this year and under the direction of Miss Katherine V. Hennesey, some of the most talented musicians and soloists of the city will give a musical of high grade. But, this, of course, will be but a diversion. The real purpose of donation day is to fortify the orphanage with those supplies and materials which it must have to continue its work and to that end the orphanage authorities respectfully ask the co-operation of the public.

AMERICAN TELLS OF REAL
CONDITIONS IN ITALY

ROME, Nov. 20.—Alfred C. Bedford, of New York city, vice president of the International chamber of commerce, after visiting Genoa has been spending a few days in Rome to ascertain the real situation in Italy from a political, economic and financial point of view and meeting the leading men of Italy, including Premier Giolitti and William Marconi.

To the representative of the Associated Press, Mr. Bedford expressed himself as being greatly reassured by his contact with Italian affairs and said that in his opinion the significance of the recent occurrences in Italy (anarchist seizures of factories, etc.) had not been fully understood in America.

"In some instances the readjustment of the economic conditions at times assumed what appeared on the surface to be a drastic aspect, but the disposition of the great mass of Italian people was to return as rapidly as possible to an orderly systematic development of the country's trade," he continued.

"Italy is sanely and ably led by the existing government, a wise and applicable settlement being reached between labor and capital in basic industries, and the financial program promises to materially relieve the financial burdens of the country which is an assurance for the future."

Mr. Bedford added that it was difficult to predict the future course of exchange but, in his opinion, no magic existed by which a return to normal could be accomplished quickly.

He concluded by saying: "When all financial nostrums prescribed from different sources in Europe and America have been exhausted, it will probably be found that the simple remedy of united efforts toward readjusting the world's real wealth, or commodities and the elimination of extravagances levied by war, will have constituted the ultimate solution of the world's financial problem."

The Giornale d'Italia quoted him as saying: "The Americans are aware of their duties toward the world. On the individual prosperity of Italy, England, France, Belgium and America depends the prosperity of all. The egoistic shortsighted policy of national success built on the ruins of neighboring nations is a policy of the past. Preferential tariffs and disloyal competition are burdens on commerce and international industries, not only are they unwholesome systems but create families and wars between peoples."

"The American chamber of commerce is convinced that by substituting for these fallacious principles, healthy commercial proposals of united international action, commerce freed from artificial obstacles, and just treatment toward nations lacking in natural resources; the interests of humanity would be better guaranteed. I believe that through frequent exchange of views between commercial and eliminating misunderstandings, this object would be attained."

"This," concluded Mr. Bedford, "is the reason of my visit to Italy."

RUSSIAN COMMUNITIES
PROTEST TO PEKING

PEKING, Oct. 26.—The three Russian communities heretofore enjoying extra-territorial privileges in Tientsin, Shanghai and Hankow have lodged protests with the diplomatic body in Peking against the taking over by the Chinese government of jurisdiction in the Russian concessions in those cities in pursuance of the decree of September 23 (by which China severed relations with the legation representing the government of the late Russian emperor, Nicholas).

The protest from Shanghai is signed by the Russian chamber of commerce, committee of the Russian Assembly, the Russian Volunteer fleet, and long list of firms and individuals. It declares that the signers "recognize in the declaration of the Chinese government a menace to our immediate material interests as well as to future prospects for uninterrupted residence

to "Youth-ify" Gray, Streaked Hair

Ask anybody to guess how old you are, and notice how their first appraising glance is directed at your hair.

To be answered "You can't be more than thirty; I can tell by your hair," must give to any woman who is really forty or more a sense of pride and satisfaction.

But to become prematurely gray at 30 or 40, to look ten years older than

you actually are—that is indeed a bitter experience. However, any woman can, with a bottle of Brown-A-tone, restore to gray, faded and streaked hair all its former beauty and the identical color it had in girlhood, whether light golden, medium dark brown or black. Brown-A-tone is instant in results and absolutely harmless.

At all drugists: 50c and \$1.50; two colors: "Light to Medium Brown" and "Dark Brown to Black."

Special Free Trial Offer.

For a free trial package of Brown-A-tone, send to The Kention Pharmaceutical Co., 337 Conklin Bldg., Covington, Ky., enclosing 11 cents to pay postage packing and war tax. Tear this out.

and trade relations with China." They request that the authority of the Russian legation and the Russian consulates in China shall remain unassailed.

Similar sentiments were expressed by representative Russians and by certain Chinese residents and lease-holders in the other concessions. Chinese officials at Harbin are reported to have asked the Russian frontier district court there to transfer all its documents to the Chinese government.

The request is said to have been refused by the district attorney who declared that the procedure must follow Russian law. In the event of force being used against him, he said, his course would be to notify all foreign consuls in Harbin of the fact for the reason that documents pertaining to foreign cases were in his possession.

At a meeting of the diplomats corps

in Peking it was resolved to recommend to the Chinese government that the physical property of the Russian legation be placed in charge of the administrative council of the legation quarter and it was intimated that the choice of the body for custodian would be Prince Koudacheff, the deposed Russian minister, who would be asked to remain in the legation as a private citizen until his departure from China.

No decision regarding possible action on the protests lodged with the body was taken, so far as could be ascertained.

The attitude of the foreign office is to continue in office all functionaries in the concessions except the consuls, who have been replaced by Chinese commissioners of foreign relations. So far as possible, the Associated Press is informed on good authority, it is the intention to follow Russian law

procedure in all cases where Russians are concerned. From the Chinese point of view, the new status of the Russian concessions does not infringe any treaty rights and it is declared to be the intention to hold such rights in statu quo until a government is recognized in Russia.

GOING TO GROTON

Members of Girls' Community Service Club Will Carry Cheer to Soldiers in Hospitals

Plans are under way for a trip to the Groton Convalescent hospital Sunday by members of the Girls' Community Service club. Those girls taking the trip will leave the square at 1.15 o'clock in automobiles and have been requested to bring with them magazines, phonograph records, papers and

good things to eat for the soldiers confined in the hospitals. A musical program to be furnished by the members, is being arranged by Miss Margaret Price of the Community Service committee of the club.

Announcement is made that on Friday and Saturday afternoons those members who have previously given up their time to such activity will meet to continue work on the pajamas for the convalescent soldiers of the Walter Reed hospital.

Over 100 children were present at

the Thanksgiving costume party staged in the club rooms under the direction of Miss Bawita Lawler. The children in attendance were members of the gym classes. Prizes were offered for the two most original, two prettiest and two funniest costumes. Immediately after the grand march the children were divided into groups and club members acted as leaders for the groups in various games. After the games a solo dance was contributed by Miss Bertha Choquette. Refreshments were served.

THANKSGIVING DAY
IN LOCAL CHURCHES

Lowell's churches observed Thanksgiving day with special services yesterday and large congregations were in attendance, despite the unfavorable weather.

In the Catholic churches masses were said for deceased members of various societies, while in the Protestant churches the services consisted of Thanksgiving sermons, prayer and the reading of the governor's proclamation.

At 8:45 at the Sacred Heart church a requiem mass was celebrated for the deceased members of the Holy Name society and at 9 o'clock a mass was said for the church benefactors at the Immaculate Conception church. Similar services were carried out in a number of other Catholic churches.

In the Protestant churches union Thanksgiving services were held at the First Baptist church, Calvary Baptist, and Central M. E. churches. At the First Baptist the speaker was Rev. William E. Tuttle, pastor of the First Union church. Members of the First Baptist, St. Paul's M. E., First Presbyterian, Westminster Presbyterian, and German Street Methodist churches united for services here.

At the Calvary Baptist church, that church, the Highland Union Methodist, the Grace Universalist and the Highland Congregational churches united. Rev. Arthur S. Beale of the Highland Congregational church delivered the Thanksgiving message.

At the Central M. E. church the speaker was Rev. J. R. Wagner of Newton Centre. The uniting churches here were the Central M. E., All Souls, the First Congregational, the Worthen Street Baptist, various Centralville churches, and the Young Men's and Young Women's Christian Associations.

members of Lowell's only combat unit, the 1st Infantry, who are on duty at the Presidential inauguration next March, got under way at the state armory in Westford street yesterday afternoon and from 1 o'clock until late in the evening throngs of youngsters and oldsters paraded up and down the exposure of the building seeking to "take in" the maze of attractions.

There was everything that a real fair should have from the billiard room to the miniature in the basement. Members of the battery made their first appearance in their new uniforms yesterday and looked decidedly attractive.

During the afternoon several thousand school children were admitted free and spent a most enjoyable holiday among the various booths and other attractions that line the big drill shed floor. In the evening the older people came in large numbers and the inclement weather had practically no effect on the attendance.

Among the features at the various booths are an electric needle beautifier, doll, candy, pillow, fruit and chicken wheels, a jollypin booth, a cula board booth, a woman's laundry booth, a glass-blower, a candy booth, perfume booth, California flower beads booth, a real merry-go-round and an animal show in the basement.

This evening Mayor Thompson and members of the municipal council will be present at the official opening of the fair which is to last for more than a week.

NEW HAVEN LAYS
OFF 3000 EMPLOYEES

NEW HAVEN, Conn., Nov. 25.—The total layoff of employees of the N. Y. N. H. and H. R. R. it now will affect 3000 persons. It was said last night by C. L. Bardo, general manager of the system. This is approximately a 10 per cent reduction in working forces and will affect all departments of the railroad, he stated. He declared that the railroad expected to reduce payroll expenses 10 per cent by the lay-off.

E. M. Regan, general superintendent of the New Haven system, said no reduction in wages or salaries was contemplated by officials of the company.

ANNUAL THANKSGIVING SOCIAL

Students of the Lowell Normal school held their annual Thanksgiving social in the school hall Wednesday evening and the affair was most enjoyable to the large number of young people present. Lavender and pink streamers and chrysanthemums formed the decorations. An extended dance order was carried out and later refreshments were served. The patronesses were Miss Frances Clark, Miss Helen Hogan, Mr. and Mrs. Clarence M. Ward, Jr. and Mrs. C. B. Cuddeback, and Mr. Riley. The school governing board, made up of the following students, was responsible for the success of the affair: Misses Bernice

RAILROAD Man Gains 31 Pounds, Edmond Cote Tells of Remarkable Benefits He Received By Taking Tanlac.

"I'm enjoying the best of health now, but if you could have seen me before I got hold of Tanlac you wouldn't take me to be the same person," said Edmond Cote of 37 (th) St. Lowell, in telling of the remarkable benefits he has derived from the medicine. Mr. Cote is employed at the Boston & Maine railroad shops, and is highly respected by all who know him.

"Yes, the medicine has actually built me up thirty-one pounds in weight, and I just can't say enough for it. However, before I got Tanlac I was in mighty bad health for more than six years. My stomach was so disordered that nothing I ate agreed with me, and at times even a glass of cold water would cause nausea. My head ached so bad and I became so dizzy that often I could scarcely see, and was so nervous and restless I never got any good sleep or rest. I fell off so much in weight my clothes were way too large for me, and I was very much worried over my condition. Why, just a few days before I started on Tanlac I had such a severe attack of indigestion I wasn't able to go on with my work, but just had to quit and lie down.

"Well, sir, the way six bottles of Tanlac has fixed me up is simply astonishing, for it has made me feel like an entirely different person. My appetite is just ravenous now, and everything agrees with me perfectly, as is shown by my big gain in weight. I'm free from headaches and dizziness, and sleep like a log every night. I'm brimful of new life and energy and just feel that all the time I believe in giving everything its due, and I want to say right now, I can't praise Tanlac too highly for restoring my health."

Tanlac is sold in Lowell by Greens Drug Store, under the personal direction of a special Tanlac representative, by Wright Drug Co., Billerica, Mass., and by the leading druggists in every town.—Adv.

Flynn, Vivian Demmon, Christine McPherson, Mona Garvey, Doris Barry, Bernice Quill and Cecile MacKinnon.

HOLD DANCING PARTY

Over 100 couples attended the dancing party, which was held in the new parish house of All Souls' church Wednesday evening, the affair being the first in a series to be conducted by the young people in the course of the winter. During intermission refreshments were served. The patronesses were Mrs. J. A. Hunnewell, Mrs. Edward W. Brigham, Mrs. W. N. Goodell, Mrs. Donald Cameron, Mrs. Hammond Barnes, Mrs. Cyrus Woodman, Mrs. Joseph Talbot, Mrs. Harold Fox and Mrs. Allan M. Dumas. The ushers were Fred C. Church, Jr., Donald M. WOMAN SUFFERED
IN SILENCE

Made Believe She Was Well

A woman of New Auburn, Me., writes: "I have must be lots of women who feel as I did. I suffered in silence many times on account of my pride, but now I know that a good laxative is essential to good health. I pretended I was all right when I wasn't. I had terrible pains, was grouchy and my headaches almost killed me with pain, and worst of all I had a hollow, unbecoming complexion which was not helped by face powders. Why didn't I try to cure myself, rather than pretend? After taking Dr. True's Elixir, I now know that a laxative was what I needed. Dr. True's Elixir is mild and pleasant to take, and works just right for me. My complexion cleared up—bright and ruddy—blemishes vanished, and even one remarked how much better I looked." Mrs. E. J. B. (New Auburn, Me.).

Dr. True's Elixir will help you too, don't pretend any longer.—Adv.

TRAFFIC OFFICERS

Lowell's traffic officers enjoyed the day off yesterday. Some time ago when the day-off-in-eight went into effect the traffic officers, who up to that time had not worked holidays, with the exception of July 4, were informed that inasmuch as they were included in the new arrangement they would have to work Sundays and holidays, but Wednesday they were informed by the mayor that from now on they would be given their day off in eight and on top of that they would not work Sundays or holidays.

reproduction of the profile of the late Lord Mayor Terence MacSwiney of Cork, Ire., who died in Brixton prison, London, after a hunger strike of 74 days, which has appeared in the plaster wall of the kitchen at 7 Otis place, is causing much wonder among the supporters of the Irish cause in this city.

According to employees of the household at the Otis place house, the image suddenly appeared in the wall between 6 and 7 o'clock last Sunday evening. They can give no explanation as to how it came about. The house is occupied by Miss Louise Appleton Wells. The apparent phenomenon was first noticed by Miss Agnes Kelley and Miss Della Curley, who are employed as housemaids by Miss Wells.

of troops in the Canal Zone. During his motor ride, he inspected the forts of the Pacific end of the great waterway.

Senator Harding's Address
Senator Harding's address at the banquet given in his honor last night by the president of Panama, created a most favorable impression, judging from comments.

"The cordiality of your greetings and the fine spirit of your good wishes stir me deeply," he said, facing President Porras. "It is a fine thing for one republic to be reassured of the abiding confidence and friendship of a sister republic. I am wholly conscious I am here as a private citizen, though I am not permitted to forget, however much I may wish it, that I am to come to a great responsibility at a no very distant day. It is for that you honor me as you do? Believing that is the reason, I cannot be-

Popular Sergeant Powell is today a well man, and feels so happy and thankful that he wants every one suffering with rheumatism to

hear his story so that they in turn will follow his example and be restored to health.

Could Not Work for Two Years.

"I had rheumatism as bad as anyone could, and had not worked for two years. May, 1917 was the blackest month of my life. Both my legs and arms swelled to double their size and I was taken to the Hospital. I got no better; doctors and medicines had no effect."

Enlisted At Camp Devens.

"No one knows how I suffered, until I read about 'Neutrons Prescription 99' and got a bottle. Right away I improved; the swellings all left my arms and legs. What a relief after all the pain and misery I had gone through. Fully recovered in August I enlisted, and served to the end of the war, with never a return of Rheumatism.

No One Need Give Up Hope.

'Neutrons Prescription 99' cured me where doctors and hospitals failed, and I do not want any one to give up hope until they have tried this wonderful preparation. I am a living proof of what it will do for others."

There is no excuse why anyone should suffer with Rheumatism. Go to your Druggist today, and get a bottle of 'Neutrons Prescription 99'. Rid your system of rheumatic poisons forever. For sale by

Women Need Swamp-Root

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are oftentimes symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

**Have Your Grocer Grind It**

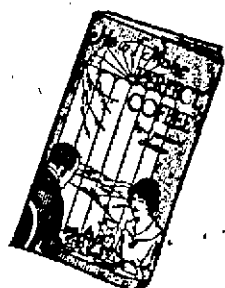

Ask your grocer to sell you La Touraine in the bean, and have him grind it for you. Coffee that is freshly ground just before it is used contains the largest amount of flavor, because the volatile oils which give us the good coffee taste cannot evaporate so easily from the whole bean.

To make coffee perfectly there are many points you should understand about the peculiar nature of the coffee bean. These and a score of other interesting and vital facts are contained in our little booklet called "How I Make Perfect Coffee." We will be glad to send a copy of this illustrated

**"How Do You Serve this Perfect Coffee?"**

"It is really delicious—that wonderful rich coffee taste, that we have never been able to get at home. What is the secret?"

"It's really no secret at all," replied the hostess. "I buy La Touraine, the best coffee I have been able to find, and I see that it is made right. You know, with most of us coffee has been treated like the stepchild of the table. We have taken no care in buying or in making it. Care—that's the secret of good coffee."

La Touraine is the best coffee you will be able to find, because it is made by an exacting formula which has

been the pride of a great Boston coffee house for nearly a generation.

Although the finest coffees of their kind go into La Touraine, we could not get the special La Touraine flavor unless these coffees were blended and roasted in rigid obedience to the formula. Each of these high grade coffees contributes its peculiar snap and richness to the taste.

Try La Touraine today. Your grocer has it. Get the free booklet on coffee-making mentioned elsewhere in this advertisement. Then you, too, will serve the perfect coffee.

Do not accept La Touraine unless it is in the La Touraine package.

**Try Instant La Touraine**

Many people find soluble La Touraine wonderfully convenient. It takes but a second to make—a spoonful of powder in the cup—pour on boiling water. Your coffee is ready to drink. La Touraine Instant Coffee is air-dried. Air-drying insures the elimination of all moisture, and keeps coffee fresh. At your grocer's in 4 sizes of cans. Have it on hand for the unexpected occasion.

**To Keep Hair Wavy,
 Lustrous, Beautiful**

The use of the hot curling-iron cannot be too strongly condemned. It means death to the hair eventually. Moreover, it is entirely unnecessary. The hair can be kept beautifully wavy and curly to any extent and in any form desired, by using the simple and harmless Silmerine method. Liquid silmerine should be applied to the hair before doing it up, using a clean tooth brush. In about three hours you will find that a very pretty "natural" wave and curliness has resulted, and the effect will last quite a considerable time. Liquid silmerine is really beneficial and is not sticky nor greasy. Neither does it streak the hair or stain the scalp. You need get only a few ounces from your druggist. The best way is to divide the front and back hair into from four to six strands and to moisten each strand separately from root to tip.—Adv.

ASK WILSON TO ACT AS MEDIATOR

GENEVA, Nov. 25.—(By the Associated Press.)—The council of the League of Nations yesterday called President Wilson, at the same time as messages of the same purport were sent to the various powers, asking whether he will accept the role of mediator between Mustafa Kemal Pasha, the Turkish nationalist leader and the Armenians. No meeting was held yesterday in order to give the members full time for committee work and there will be no session until next Tuesday.

After the membership committee had decided to make all the new Russian states wait for admission, and the disarmament committee had expressed themselves in favor of delay, the committee on finances and economics decided yesterday it would not act at present on the suggestion of the Brussels financial conference that a committee of financiers be chosen to lay plans for an international credit institution.

Austria is the only former enemy state which is likely to be admitted to the league without serious opposition. The majority of members of the sub-committee dealing with the applications of Austria, Bulgaria, Albania and Liechtenstein, presided over by Lord Robert Cecil, are said to favor the admission of Bulgaria, but the Rumanians and Jugo-Slavs have declared they will fight against it, asserting that the entrance of Bulgaria into the league now would create a grave complication.

The Montenegro government is industrially circulating the delegations and press representatives in support of its application for admission, of which neither the council nor the committee on new members have thus far taken notice. Montenegro being considered a part of the Serbian-Croatian-Slovene state.

Organization of the clerical staff of the league passed a critical examination yesterday by a committee of four in the course of which Baron Tani, tano Megato of Japan, demanded a

Elderly People Need This In Medicine Chest

To relieve chronic constipation, always keep a bottle of Dr. Caldwell's Syrup Pepsin handy.

NEARLY all people as they advance in age suffer from chronic constipation. Many, however, are indifferent to the laxative they use, on the theory that "they are all alike." That is a great mistake.

Dr. Caldwell's Syrup Pepsin, for example, is a mild, gentle liquid laxative, and it does not lose its effect with repeated use. It so trains the bowel muscles that in time medicines of all kinds can be dispensed with.

A sixty-cent bottle of Dr. Caldwell's Syrup Pepsin will last many months. The prescription was written thirty years ago by Dr. W. B. Caldwell, a well-known family doctor, who is himself now in his 82nd year and can appreciate what chronic constipation must mean to elderly people; how it brings on headaches, colds, loss of appetite and sleep, heaviness and a general dull feeling.

Every home that has an elderly man or woman should be provided with a bottle of Dr. Caldwell's Syrup Pepsin. Eight million bottles were bought at drug stores last year. It is a truly wonderful constipation remedy.

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

more liberal selection of the personnel of the secretariat from among the different nationalities belonging to the league. Sir James Eric Drummond, permanent secretary of the league explained that the English and French necessarily predominated because English and French are the official languages of the league.

It is proposed to apply a weeding-out process every five years, taking in new blood but retaining the most efficient employees to assure continuity

in the work. Civil service rules, with competitive examinations, also will be imposed.

MOVE TO STAMP OUT THE WANDERING IDLERS

WARSAW, Nov. 25.—The Polish government is making a determined effort to stamp out the wandering idlers now numerous in Eastern Poland. Six years of war have given rise to a class of men little removed from the professional tramp. Driven from their homes and their legitimate occupations by the war, these refugees have been wandering over the country, fleeing from one danger to another, until today it is hard for them to take up any real work seriously.

Sometimes it is hard to tell the confirmed idler from the deserving refugee. The Polish government is trying to get them all back to the district from which they originally came. In the meantime, in administering such relief as it finds at its disposal, it insists that applicants for assistance must be willing to work.

Many of the refugees who would be popularly classed in America as "hoboes" are accompanied in their wanderings by children, usually their own or those of some relative. In most cases these children are temporarily placed in an orphanage or similar institution, at least until it appears that the refugee relative is ready to settle down and make a home somewhere.

The child refugee is the greatest present-day relief problem in Poland, according to reports gathered by the American Red Cross, for it is these children, debilitated and weakened by the wandering life of the past years, that must soon take their place as the men and women of the new country.

The Red Cross reports indicate that there are more than 500,000 orphans in Poland.

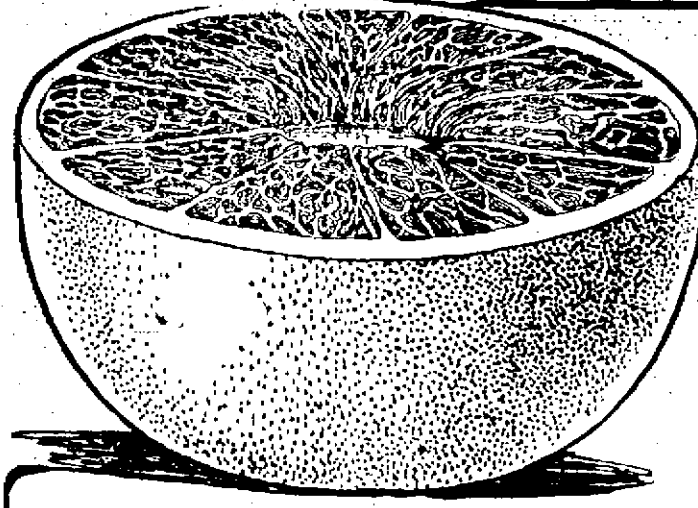

EXCEPTIONAL HONOR FOR LOWELL MAN

For exceptionally meritorious service on the U.S.S. William B. Eustace when that ship was sunk by a torpedo on the night of May 18, 1918, Arthur J. Mulligan of Ash street, this city, has been awarded the navy cross by direction of the president of the United States.

In a letter from Josephus Daniels, secretary of the navy, accompanying the cross, Mr. Mulligan is cited for remaining at his station as a fireman, second class, until the ship was so far down at the stern end that the guns could not be manned.

CITY'S VOTING STRENGTH

Lowell's total voting strength at the present time is 31,802. Following the close of the final registration session of the year Wednesday night the election commissioners announced that a total of 18,744 male and 13,058 female voters are registered. At Wednesday's session which lasted from noon to 10 p. m. 109 men and 174 women were registered.

Do Monkey Glands Bring Health?

Why Run-Down Anaemic Men and Women Have Run-Down Glands

According to the newspaper clipping reproduced here, a half alive old man of seventy-two says he has become as young and healthy as he was at forty by merely eating a few capsules containing monkey glands.

Were this the sole gland success that has been reported, it might mean little. But it is only one of many remarkable cases of restored health and strength, which have recently been published in the press. Scarcely a week passes without some example of this new kind of treatment being printed in the leading newspapers of the country.

And now it seems that the gland extracts which are most often used are not necessarily those which come from monkeys. In fact many prefer the gland extracts of sheep and cattle when prescribed in tablet form.

It should not be supposed either that gland extracts are effective only with old people. For they are being used extensively by young men and women who are anemic, run-down, nervous, thin, pale, weak, with results that are unusual.

As a tonic and strength builder gland extracts, it would seem, have their greatest use.

The reason appears to be perfectly simple. According to those who have given this new treatment great

Gland Capsules Give Man of 72 the Health of Youth

Robert George Laws, seventy-two, a retired London broker who arrived here recently on the liner Cedric, claims his health and strength were recently restored after years of illness by the use of capsules made up of monkey's glands.

He asserts fifty capsules made from the prescription of a professor whose intestinal gland discoveries are followed by the medical world not long ago, have added years to his life.

Laws appears to be about forty and possesses unusual strength. He asserts the administration of the monkey's glands restored his health after ten years' illness. (The above is from a newspaper article.)

supply to the blood. When the glands for any reason fail to supply these hormones the building up of our cells is slowed down and we become weak and anemic and generally run-down. Gland extracts from animals may then be used to supply the very substance which the glands have failed to produce. And the result is that the cause of the run-down conditions is attacked. This idea of using animal extracts is not in itself new, pepsin, which has been used for years in indigestion, comes from the stomach of an animal.

While it may seem almost too good to be true there have been reports of people who say they have almost doubled their strength and endurance by this method and frequently run to be said to be felt in the first few days. In fact, it would almost look as though there was at last a practical method of using this new discovery. Gland extracts from sheep and cattle in combination with peptonate of iron, calcium Glycophosphate and nux vomica, well known tonics, can now be purchased at any drug store under the name of Glaxol compound.

Note—Glaxol compound is prepared under the direction of the Glaxol company, 244 West 23rd street, New York, and is guaranteed to bring satisfactory benefit in 10 days or money refunded, so it can be taken with full confidence of results or no cost.—Adv.

BRITISH FLAG STARTS RIOT IN NEW YORK

NEW YORK, Nov. 25.—The usual quiet observance of Thanksgiving day here was violently interrupted yesterday when crowds, who had attended a high regatta mass in memory of Terence MacSwiney, late lord mayor of Cork, rioted at the sight of a British flag decorating the facade of the Union club across Fifth avenue from St. Patrick's Cathedral.

After a fight, participated in by hundreds of Irish sympathizers, in the course of which plate glass windows of the club were shattered by missiles, order was restored when a cordon of

200 police established itself around the building.

The Union Jack, which was the cause of the assault, was taken down at the first demand of the crowds, but subsequently replaced and was still draped over the sidewalk with the emblems of France and the United States when the fracas ended.

Priest Pleads in Vain

When the clamor of the first rush on the offending banner was at its height, the Right Rev. Michael J. Lavelle, rector of St. Patrick's, clad in his priestly robes, rushed out of the church and pleaded in vain with the leaders to quell the disturbance.

After mounted and motorcycle police had dispersed the assaulting forces, a survey of the field of battle revealed as casualties a dozen or more slightly injured who had been struck by flying bricks. All windows on the lower

floor of the club had been smashed.

Before the beginning of the MacSwiney mass the attendance at which taxed the capacity of the great cathedral, a delegation of Irish requested that the British flag be removed. The club superintendent complied, but later, on instructions from club officials, the flag was replaced.

When the service was over the flag again caught the attention of members of the congregation. Stones and bricks were procured from a nearby building under construction and the attack began.

Fifty Police Powerless

A riot call at first brought 50 police, all on foot. These fought desperately, using their night sticks freely, but were powerless against the heavy odds. Only after the arrival of reinforcements did the officers succeed in driving back the attackers, who had been prevented from entering the building itself by determined club members and employees, who manned the doors. Several women effected an entrance at one time, but were driven out before any damage was done to the interior of the building.

Four arrests on charge of malicious mischief were made. The MacSwiney memorial service was attended by many prominent Irish here, including Eammon de Valera, "president of the Irish republic," who occupied a place in the front row. Mr. Lavelle paid a tribute to the late mayor of Cork, who died after a hunger strike in Brixton prison, London, calling him a "man whose high record proclaimed him just, whose deeds make him a hero among his fellows, and whose name will live in the memory of the world."

Sales Specialist Alleges Libelous Statements in Local Advertisements

Suit was brought Wednesday against the Boston Ladies' Outfitters store in Merrimack street, by Samuel Savitt of Pittsburgh for \$25,000. The basis of the action is an alleged libelous statement contained in certain advertisements of the Boston Ladies' Outfitters store in recent editions of a local newspaper.

Mr. Savitt is a sales specialist who goes from city to city making contracts with local merchants and conducting sales in their stores in accordance with his system of advertising and selling. In the suit it is alleged that Mr. Savitt came here to conduct sales in the store of one of the principal competitors of the Boston Ladies' Outfitters.

After the opening of the sale the advertising matter which is objected to, began to appear in a local newspaper. In his suit Mr. Savitt claims the advertising matter reflected seriously upon him.

Papers were served Wednesday on the owner of the Boston Ladies' Outfitters store by Deputy Sheriff Gately and the writ is returnable in the superior court at East Cambridge on the first Monday in January. E. J. Tierney is counsel for Mr. Savitt.

Too Weak to Do Anything

The ordinary every-day life of most women is a ceaseless treadmill of work. How much harder the tasks become when some derangement peculiar to her sex makes every movement painful, and keeps the nervous system all unstrung until life seems hardly worth living. Every women in this condition should profit by the experience of these two women whose letters follow.

Read the Experience of These Two Women

Reading, Pa.—"I had organic inflammation, pains in the side and back which were so sharp that they pulled me to my knees, and I could not walk. I had an operation and still I failed, and in the eight years I suffered I had four doctors and none helped me. My mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I was then in bed, and after the first bottle I could be out of bed, then I took Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and also used the Sanative Wash. I still take the medicine and am able now to do my own housework. My friends say, 'My! but you look well—what do you do? Who is your doctor?' And there is only one answer, 'Lydia E. Pinkham's medicines which I gladly recommend.'" —Mrs. Wm. Stein, 560 Douglas Street, Reading, Pa.

Gainesville, Tex.—"For three years I suffered untold agony each month with pains in my side. I found only temporary relief in doctor's medicine or anything else I took until my husband and I saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results, and advised me to try it. I was then in bed part of the time, and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound, and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work, and do my housework besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine." —Mrs. W. M. Stephens, 202 Harvey St., Gainesville, Texas.

their distribution. The committee says the Friends will have complete control of all supplies sent to Russia and will allot them to institutions and the most needy of the civilian population. They will begin by distributing condensed milk, cod liver oil, chocolate, soap, shoes, stockings and women goods, in addition to medical supplies. Russia's greatest need today is reported to be for medical and sanitary supplies and clothing. The people of the agricultural districts are in want only of the medicines. Hospitals in Russia are said to have had no other for five years and when operations are performed the patients are strapped to the operating tables. Owing to the complete breakdown of the transport system in Russia, the greatest suffering was reported to the Friends to exist in large cities like Moscow and Petrograd, where a huge industrial population cannot obtain supplies. In those cities the distress is reported to be acute. Petrograd has lost 50 per cent. of its population within the past four years. Arthur J. Watts, the English Friend, moved about in Russia without any restrictions by the soviet government and it is announced that the American Friends will have the same privilege. In October Mr. Watts cabled to the American Friends' service committee to send a representative to establish a permanent Anglo-American relief work. Miss Haines was sent in response to this call. She is a graduate of Bryn Mawr college and for a time was engaged in social work in this city. In 1917 she volunteered for relief work in Russia and was stationed in Moscow. After the overthrow of Kerensky, Miss Haines fled with other refugees to Siberia where she worked at Omsk. Later she returned to America via Vladivostok.

KIPPEN—Mrs. Alma Mary Kippen, formerly of Lowell, died yesterday morning at the Boston City hospital, aged 43 years. She leaves her husband, Alexander D. Kippen, one son, Albert Kippen, and two daughters, Mrs. Peter Peterson, all of Lowell. The body will be brought to this city for burial.

DEAN—Mrs. Elizabeth A. Dean, formerly of Lowell, died yesterday at her home, 59 Elm street, aged 72 years. She leaves two brothers, James W. Halstead of Lowell and John R. Halstead of New Brunswick, N. J., and three sisters, Miss Martha Halstead of Hartford, Conn., Mrs. William Halstead and Mrs. Ella Clark of Everett.

DAIGLE—Mrs. Joseph Daigle nee Patenaude, died last night at her home in North Chelmsford after an illness of only two hours, the cause of death being cerebral hemorrhage. She was 43 years of age. She is survived by her husband, a daughter, Mrs. Dora Tucker, a son, Arthur; two brothers, Fred Patenaude of Tyngsboro and John Patenaude of Lowell; two sisters, Mrs. Agnes Downing and Mrs. Natalie Clement, both of Lebanon, N. H.

CHRISTODULU—Mrs. Helen Christodulu, aged 21 years, died this morning at the Westford Street hospital after a brief illness. She is survived by her husband, George Christodulu, and one daughter. The body was taken to the funeral chapel of Undertakers James P. O'Donnell & Sons.

RODGER—Alban J. Rodger, infant son of Dr. and Mrs. James J. Rodger, died Thursday afternoon at the Lowell General hospital, aged 13 days.

FUNERALS

GILLARD—The funeral services of Cecil F. Gillard were held at the Edison cemetery chapel Wednesday afternoon at 4 o'clock. Rev. Albert Wilson, rector of St. Paul's Episcopal church, officiated. The bearers were Harry S. Traver, Walter Wormald, Edward P. Fluke and James Stuart Murphy. Burial was in the family lot in the Edison cemetery. The funeral was in charge of Undertakers George W. Healey.

TILLOTSON—The funeral of George E. Tillotson took place Wednesday

FIFTY YEARS AGO

It was the custom of our grandparents when anything was the matter with their stomach, liver or kidneys, to take a remedy composed of the right kind of roots and herbs, and by so doing lived to a ripe old age. It is also true that the Shakers, who have always depended upon the life-giving juices of leaves, roots and herbs, are long-lived people. The roots and herbs of which SEVEN BARKS is principally composed were gathered by the Shakers for many, many years, then scientifically blended, and SEVEN BARKS has become famous as one of the most reliable remedies for indigestion, constipation, liver, kidney and stomach disorders.

Dull pains in the back, often under the shoulder blades, poor indigestion, heartburns or flatulencies, sour risings, yellow skin mean liver troubles, and you should take SEVEN BARKS; it will relieve you, as it will make the liver active, tone up the digestive organs and cause the bowels to act normally.

SEVEN BARKS is not a cure-all, but a very reliable remedy that will at once act on the liver, stomach and bowels, sets them to right, tones and strengthens the general health.

If you want to get the greatest efficiency out of your body, enjoy and prolong your life, take SEVEN BARKS. At druggists, 60 cents a bottle. Don't put it off; get it today.—Adv.

cabled to this country that he charged the policy of reprisals in Ireland was determined upon by England more than a year ago, and inaugurated last March with the assassination of Lord Mayor MacCurran of Cork. Everybody in Ireland deplored the bloodshed. Mr. Griffith said, "but England started it and she could get it stopped in 24 hours, if she so wished." At the outset of his interview Mr. Griffith disclaimed any responsibility for the operations of the "murder gang" the existence of which was charged by Sir Hamar Greenwood, chief secretary for Ireland in a recent speech. The real "murder gang" was in Dublin castle, Mr. Griffith added.

Arthur Griffith began to come into prominence in the Sinn Fein movement in Ireland in 1917, and he presided at the opening of the Sinn Fein conference in Dublin in October of that year. In a bye-election in June, 1918, he was elected to the House of Commons for East Cavan, and was returned for this constituency and Northwest Tyrone, in the general election of the same year. Like the other Sinn Fein members, however, he refrained from taking his seat after the general election. During the hunger strike of Lord Mayor MacSwiney of Cork, he was the author of an appeal to President Wilson and all the heads of governments on behalf of the lord mayor.

Prof. John MacNeill is professor of law in the National University of Ireland. In May, 1916, he was found guilty by a court martial of complicity in the Easter rebellion of that year and sentenced to life imprisonment, but was released during 1917. During the round-up of Sinn Fein leaders by the British the next year, he was one of the few prominent Sinn Feiners who was not arrested. In the general election of 1918, he was chosen to parliament as a Sinn Feiner, but did not take his seat.

MEMBERSHIP DRIVE IS PROGRESSING

In the annual Red Cross roll call the North Middlesex chapter of the organization has now a total of 9135 memberships with many more to be reported before the drive is brought to a close. It is expected that the final total will exceed 11,000. The Highlands district has been canvassed for 120 memberships and Belvidere for 137. Frank Kus of Team C, who has worked among the Polish people especially in the Massachusetts mills, has turned in a total of 514 memberships, the largest number for any individual. The Appleton mill list shows 684 members; the Massachusetts mill 344; the Lowell Electric Light Corporation 101 members; Tewksbury 238; the local postoffice 57. Dickerman & McQuade's, Macartney Apparel Shop, the P. & C. shop and the J. C. Ayer company are the most recent 100 per cent membership bodies.

The approximate tabulation is as follows: Team A, Capt. F. D. Proctor, 535; Team B, Capt. George C. Fairburn, 273; Team C, Capt. George F. Wagner, 1742; Team D, Capt. A. A. Wright, 268; Team E, Capt. George H. Wright, 363; Team F, Capt. W. W. Buzzell, 332; Team G, Capt. Henry H. Harris, 934; Team H, Capt. Harry W. Hall, 659; Team I, Capt. Royal P. Bloodhounds Trailing Murderer Led Searchers to Home of Member of Posse

Accused Man Immediately Arrested—Woman's Head Blown Off by Shotgun

MERIDIAN, Miss., Nov. 26.—When bloodhounds trailing the supposed slayer of Mrs. Lewis Morris, 56, whose body was found on a farm near here, yesterday, led a sheriff's posse of which he was a member to his own home, Roy Miner, son of a wealthy local manufacturer, was immediately placed under arrest.

Miner, who is 22 years old, joined the posse when the dogs were started on the trail at the place where the body, with the head nearly blown off by a shotgun charge, was discovered.

He remained with the posse, while the dogs followed the trail to the home of his father-in-law, J. E. Johnson and to the bed occupied by Miner the previous night.

Johnson, who found the body on his farm had reported to the authorities that he had heard Mrs. Morris order an unknown man from her premises and later heard a gunshot. He also was placed under arrest on information that the Johnson and Morris families, previous to the killing, had been quarreling.

WOBBURN'S MAYOR IN AUTO ACCIDENT

While on their way to Lowell to spend Thanksgiving with John A. Quinn, of Chapel street, Mayor and Mrs. Bernard J. Golden, of Woburn and their son, Roy, narrowly escaped critical injury yesterday noon when the front wheel of their car was torn off as another machine spending around a corner in Dillieria. Centro struck it.

Mrs. Golden and the baby were thrown from the car and both received bruises but not of a serious nature. Mayor Golden, who was driving, remained at the scene when the front of the car was crushed in. The right wheel was torn off and the mudguard ripped from its holdings. The automobile, which struck Mayor Golden's car, is owned and was operated by R. B. Holden. The Golden family continued to Lowell and were able to return last evening. Mrs. Golden was formerly Miss Katherine Quinn of this city.

THREE KILLED IN TRAIN WRECK AT TORONTO

TORONTO, Nov. 26.—The Grand Trunk railway announced today that an unidentified man and woman passenger and Emanuel Brown, a porter, had been killed in last night's wreck near here, when Pullman coaches of a Grand Trunk flyer left the rails and were derailed by a passing freight. Four persons were seriously hurt.

A broken rail caused the disaster, the engine and leading coaches passing safely over the dangerous bit of track which then gave way under the load of the heavy sleeping cars.

CONTINUE PRESENT WAGES AT FALL RIVER

FALL RIVER, Nov. 26.—The Cotton Manufacturers' association at a meeting today voted to stand by its decision to continue present wages without reduction for another six months. The meeting followed a conference in Boston several days ago of mill heads at which the condition of the market for cotton goods was considered and the question of reducing wages to meet lowered market prices was discussed.

The action of the local association is understood to be the result of consideration of the subject in the light of conditions here.

The October financial report of municipal departments made its appearance at the office of the city auditor today and is of especial interest as it shows the financial condition of the various departments as the year draws to a close.

The health yard, for instance, on Nov. 1 had an unexpended balance of \$639 out of an original appropriation of \$112,000, but a supplementary appropriation since that time has revived its financial condition. The police department appropriation, originally \$255,000, is now \$255,000.

BAKER OPPOSES PLAN

Against Bringing Unidentified Soldier's Body Home for Internment in Victory Hall

WASHINGTON, Nov. 26.—Decision of Secretary Baker not to authorize the removal of the body of an unidentified American soldier from France for internment in Victory hall, Pershing square, New York, was announced today by the war department.

"The fact is," said Mr. Baker, "that the war department from our entrance into the war, entered into a pledge with the parents and friends of the soldiers that, in the event of their death abroad, their bodies would be returned to their families for such final interment as they desired, and that, in all cases in which return was not practicable or where the parents preferred their dead to rest in the fields of honor in France, they would be retained overseas. Under these circumstances, I do not feel free to cause the disinterment of an unidentified dead body and its return to this country for such interment as is suggested by any of the applications I have had to consider."

Mr. Baker said that if the United States were to follow the example of Great Britain and France in removing the body of an unidentified soldier to great public buildings such as the amphitheatre at Arlington or in some of the government public buildings, he added that the removal of a body to the planned victory hall in New York would set a precedent and that many other cities and towns would not be contented to be denied the same opportunity to show their reverence and respect.

I take this means of expressing my sincere thanks for the fine vote I received at the primaries last Tuesday.

SAY EX-KING CAN NOT RETURN

Venezelos Declared Constantine Had Urged Bulgaria to Attack Serbia

Declares People Know He Gave up Fort Rupel to Germans and Bulgarians

PARIS, Nov. 26.—Former Premier Venezelos of Greece, talking to correspondents of Paris newspapers at Nice, last night, said that ex-King Constantine could not return to Greece. He declared Constantine had urged Bulgaria to attack Serbia.

"No, I tell you," said Mr. Venezelos, "Constantine cannot return to Greece, in spite of all the noise made around his name. The Greek people do not know much, but all the same they know it was Constantine who early in the great war, gave up Fort Rupel in Macedonia to the Germans and Bulgarians. Serbia knows that late in June, 1918, Constantine sent for M. Passaroff, Bulgarian minister in Athens and asked why Bulgaria did not attack Greece, saying: 'Go ahead, you have nothing to fear while I am here, for I will never allow the Greek government to go to the aid of Serbia.'"

"If Prince George, the Duke of Sparta, should mount the throne, he would quickly realize, as did his unfortunate brother, the late King Alexander, that it is not sufficient to sell himself to the Kaiser, in order to reign like his father. So far as the Greeks are concerned at the present moment, Alexander or George would amount to the same thing. As to the allies, if George continues the same friendly and helpful policy which was mine, the entente nations have no reason for fighting shy of him."

BOY OF 5 SAVES MOTHER'S LIFE

PROVIDENCE, R. I., Nov. 26.—Chas. Roberts, aged five years, saved his mother's life by throwing to her the end of a rope when she jumped overboard from the large Elcira, after a futile effort to rescue her two-year-old daughter, Sarah, this morning. Mrs. Roberts clung to the rope until the captain of the tug James McGuire, who had seen her race, across the harbor and completed the rescue. Mrs. Roberts was aboard the barge with the children after their father, Capt. Perry Roberts of McKinley, N. H., had gone ashore to report his arrival in port.

CHARGES AGAINST BARRE, VT., BANK

BARRE, Vt., Nov. 26.—Bank Commissioner George B. Carpenter filed with County Clerk L. C. Moody at Montpelier today, a bill of complaint, setting forth the reasons why he closed the Barre Savings Bank & Trust company Monday, after that institution had been subjected to a run by depositors. The commissioner asserts that the books of the bank failed to show the true condition of the bank, alleged fraudulent concealment of facts, charges that the bank failed to keep a proper reserve in cash, charges that liberty bonds carried in the bank statement were really the property of individuals, and that the bank has loaned to many persons in excess of the amount permitted by the law.

TWO MORE KILLED BY BOMB IN CORK

Arrest of Griffith Followed Denunciation of Outrages in Ireland Last Night

Prof. MacNeill, Sinn Féin M. P., and Other Leaders Also Taken Into Custody

Griffith in Interview Last Night Said Real "Murder Gang" in Dublin Castle

CORK, Nov. 26.—Two persons were killed and a third was injured in another bomb explosion today at a point where a number of persons were employed.

(On the night of Nov. 23, a bomb was exploded in Patrick street, wounding nearly a score of persons, two of whom died later at a hospital.)

Griffith Carried Off

LONDON, Nov. 26.—The Irish office, in announcing today that Arthur Griffith had been arrested in Dublin at 1 o'clock this morning, said no formal charge had yet been preferred against him. He was taken away in a lorry to a destination which was not made public.

Other Leaders Arrested.

DUBLIN, Nov. 26. (By Associated Press).—Arthur Griffith, founder of the Sinn Féin, Prof. John MacNeill, Sinn Féin member of parliament for Londonderry city, and the National University of Ireland; Prof. MacNeill's son and a number of others were arrested today by the auxiliary police.

Mr. Griffith was to have addressed a meeting of the Irish Self-Determination League at Manchester, next Sunday.

A statement issued from Dublin Castle read:

"Arthur Griffith was arrested at his residence in St. Lawrence road at 3 a. m. A large quantity of literature was taken from his house. No arms were found. He was in bed at the time and was taken away in a motor lorry. He made no statement. His arrest was effected without trouble."

Among those arrested were Joseph McBride and E. J. Duggan, Sinn Féin members of parliament, respectively, for the West division of County Mayo, and the south division of Dublin.

In an account of the raid on the house and her husband's arrest, Mrs. Griffith said she was awakened at 1.30 this morning by the crashing of a pane of glass in the front door. "I jumped to the window of our bedroom, and called out," she continued. "The seven men comprising the party pointed revolvers at me, shouting, 'Come down at once.'"

Taken at Point of Guns
"I turned and called to Arthur. 'Here they come, jump,' and then slipping on a dressing gown, ran downstairs. The men, all of them members of the auxiliary post, had reached the landing already. They had smashed the window and cut the doorchain. They rushed into Arthur's room with revolvers pointed and placed him under arrest."

To Shoot Or Hang Him
"When they took him away later, I said to them, 'Where are you going to put him?' To this one of them replied, 'We are going to shoot or hang him, as he jolly well deserves.'"

"Our seven-year-old child, who had been sleeping by our bed, heard the remark, began to scream, and became hysterical. As they drove off, however, another man shouted back: 'We are taking him to the Bridewell.'"

Mrs. Griffith said her husband had been sleeping at home for the first time in a week. She recalled that this was the third time he had been arrested. The first was in the winter of 1916, when he was kept imprisoned for eight months, and the second in 1918, in connection with the alleged pro-German conspiracy in Ireland, when he was held for 10 months.

Searched House For Two Hours
Mrs. Griffith said the raiders had remained two hours and systematically searched the entire house.

"They tapped the walls," she said, "tore up the carpets, took the piano to pieces, examined every book in the library and also every letter, and carried off an immense quantity of pamphlets, letters and books, even photograph albums and single photographs of our two children."

In the absence in America of Eamon de Valera, president of the Irish republic, Arthur Griffith has been probably the most active spokesman in Ireland for the cause of Irish freedom. It was only last night in an interview

IRISH BISHOP THREATENED

"Horrible Government Outrages in Ireland" Denounced by Bishop O'Dea

Protests to Greenwood—Threatened Upon Return From Priest's Funeral

LONDON, Nov. 26.—Denunciation of the "horrible government outrages to which the people of Ireland are subjected," is voiced in a long letter to Sir Hamar Greenwood, chief secretary for Ireland, by the Most Rev. Thomas O'Dea, bishop of the United Dioceses of Galway and Kilmacduagh. The bishop warns Sir Hamar that his own life and those of other clergymen have been threatened, and that the Irish executive is responsible for their safety.

"Government outrages," the bishop declares, "have been incomparably greater in volume than those on the other side. The murder of Fr. Griffin of Oramore was due to government forces and marks a new departure in the campaign which, apparently, indicates the beginning of an attack upon Catholics and religion."

When the bishop returned from the funeral of Fr. Griffin, he asserts, he found at his home a letter addressed to himself and bearing a Galway postmark. The letter read:

"If any members of His Majesty's forces are interfered with in Galway, you will meet Griffin's fate."

Bishop O'Dea adds that Fr. A. J. Cennedy, Father John W. O'Meara and Father John Connors, priests in his diocese, have been threatened with death, and that Father Cunnane's house has already been fired upon. He says a sacred shrine was smashed and vessels used in the celebration of the mass were stolen.

Typoid in Ireland

DUBLIN, Nov. 26.—There is an alarming outbreak of typhoid fever in the Skibbereen district. Several deaths are being investigated by the authorities, but no evidence has been uncovered to connect the outbreak with the alleged plot by the Sinn Féin to spread typhoid germs.

Responsibilities of Age

Make Saving of Money

You don't have to drive such fact home with a hammer, if it be a man or woman who has passed sixty years whom you are addressing. Their life opportunity has passed. They know IT and they show IT. Show WHAT?

If they have carried a Savings Account through life, they smile. There are smiles that make us happy. There are smiles that make us blue.

If they never acquired the habit of saving (no such thing as a free lunch) in their young days, they are in the sad fact—WORRY. All who are poor are not fools. But all fools are foolish. Don't Foolishly Fool With Time. Save money and Save Now. BEGIN, that's the important point.

School Department Expected to Request Unprecedented Budget in 1921

When the municipal council of 1921 sits down to compile the annual budget next February or March it is expected that for the first time in the history of the city a single municipal department will ask for an appropriation of \$1,000,000 or more. According to present indications, the school department will need at least that amount to do its work next year.

As a result, it is expected that the city's total appropriations budget next year will mount to heights hitherto unscalable. Local municipal finances, City Auditor J. Joseph Hennessy is of the opinion that it will reach very nearly the \$1,000,000 mark as against a budget of \$2,400,000 for the present year. Naturally, there will come a decided increase in the 1921 tax rate.

The school department at the beginning of this year asked for \$939,000 to carry on its year's work. The municipal council reduced this figure to \$850,000, but a few days ago the school committee served notice that it must not only have the \$500,000 which was cut from its original estimate last March, but an additional \$100,000 besides. If this \$600,000 supplementary appropriation is allowed by the council.

NO VOTE ON PEACE RESOLVE

WASHINGTON, Nov. 26.—Speaker Gillett said today that there was little probability of any resolution providing for a separate peace with Germany coming to a vote in the house at the session of congress which convenes Dec. 6.

The speaker, who conferred recently with Senator Lodge, said republican leaders were agreed that at the coming session, the party's majority would be too small to pass a peace resolution over the president's veto. The attention of the house, Mr. Gillett said, would be devoted almost entirely to the annual appropriation bills and immigration legislation.

BAR MEETING OF IRISH LEAGUE

MANCHESTER, England, Nov. 26.—The lord mayor and chief constable of Manchester, acting with authority under today prohibiting the meetings of the Irish Self-Determination League had proposed to hold tomorrow and Sunday. Arthur Griffith was expected to speak at these meetings.

The authorities explained that they had reason to apprehend the holdings of such meetings would conduce to a breach of the peace and promote disaffection.

RESTRAINING ORDERS AGAINST SALOON MEN

CHICAGO, Nov. 26.—Federal Judge Landis issued restraining orders against 72 saloon-keepers today, to prevent their violating the prohibition law.

PLANNING REVOLUTION IN GERMANY

HALLE, Saxony, Nov. 26.—German radical leaders declare that a program has been prepared with the aid of prominent Russian communists to start a revolution in Germany to set up a dictatorship of the proletariat. They say the attempt to overthrow the government will be made as soon as the more extreme element of the independent socialist party has perfected an organization which in the opinion of their leaders, would have some chance of success.

The radicals promise that the outbreak will come very soon, probably late in the winter or early next spring. They are of divided opinions as to whether they can overthrow the existing government, some of them saying the attempt probably will fail, others believing they will succeed, but all apparently are unanimous in the belief the effort should be made.

A number of leaders of the moderate wing of the independent socialists, who split with the left wing over the question of co-operating with the third international at Moscow to bring about the revolution, also express the opinion that there will be a serious attempt to oust the present government. One of these, a member of the reichstag, in an address before a right wing conference declared Bolshevism would sweep successfully over Germany and that it could not be prevented. After it had come and failed the socialists would have their turn, he said.

The more moderate socialists generally were of the opinion there could be no successful revolution at this time and declared the German people would never submit to a "dictatorship of the proletariat," or co-operate with the Russians in a policy of terrorism and destruction to promote the cause of the proletariat. They appeared willing to seek the establishment of a "comradship government of the working classes," by violence if necessary, but were opposed to a dictatorship or a campaign of ruthlessness.

Differences between the two wings of the old party were sharply accentuated by the visiting representatives of the soviet regime, who defended terrorism on the ground of its necessity for the beginning of a revolution and strongly supported the absolute dictatorship of the proletariat. Through these arguments the right wing socialists sat silent except when some statement greatly angered them; but the radicals exhibited the wildest enthusiasm. The gathering supported them with applause and "The Internationale" frequently was sung by a

chorus of hundreds who stood at attention until the martial music ceased.

Among the delegates on the convention floor and in the crowded galleries were many women and girls. These appeared to be about equally divided in their allegiance, but the supporters of the Moscow adherents were more demonstrative. The speeches of the delegates often were interrupted by thin-voiced protests of girls wearing the red button of the revolutionaries, and women and girls always joined in the singing of the proletariat's anthem. The dull gray uniforms of former privates in the army were conspicuous in the galleries and those who wore them all seemed to know the words of "The Internationale."

The more influential leaders of the extreme radicals are gray-haired, veteran socialists, who have been closely identified with government circles since the first German revolution. Others are young and eloquent district labor leaders, who have been brought into prominence since the war by strikes and industrial disturbances. "We are willing to subscribe unconditionally to the 'red program' to establish the dictatorship of the proletariat," a young radical said to a correspondent. "We don't want to be moderate. We won't be. There will be enough killings in the next revolution to spread a wholesome terror among the bourgeoisie. A revolution cannot be accomplished in a kindly, soft-mannered fashion. Blood must flow and we are willing to shed our share of it. We are fighting a system that has hundreds of years of organization back of it and we cannot treat with it. It is life or death for the proletariat and the issue here has been drawn." Asked when he expected the revolution would begin, he answered:

"I could give you dates and figures, but of course I won't. However, you may expect it soon."

The plan of the radical leaders as near as can be learned is to form organizations in the several districts and have them prepared to co-operate when the call goes out. They say that if their first onslaught gives show of success 5,000,000 Germans will quickly rally to their support.

Independent socialists opposed to the Moscow program are planning to correspond with radicals of all nations who are opposed to ruthlessness and agree upon a plan of action if possible.

The headquarters of both factions are in Berlin.

THANKSGIVING DANCE

Division S. A. O. H. held its annual Thanksgiving dance last evening in Hibernian hall, Middle street, with about 300 young people in attendance. A dance order of 20 numbers was enjoyed. The officers in charge were: General manager John Talley; assistant Patrick Leahy; secretary, Patrick Sexton; reception committee, John McInerney, Joseph Garrity, Patrick Finnegan, John Dwyer, Denis Dwyer, Frank McCarthy, John Kennedy and Michael Duggan.

ANNUAL DANCING PARTY

The Fenway club held its first annual dancing party in Associate hall Wednesday evening. There was a large attendance and the program was very enjoyable. A feature of the evening was the drawing of a young live pig. The evening's program was in charge of Thomas Jones.

A freighter recently docked in New York city with 1000 specimens of birds animals and reptiles from central and northern Australia for the Bronx zoo.

Keeping Fit

BY DR. SAMUEL HAMILTON.

It is because of the war that the perfect physical man has all at once become the idol of the world. You can make of yourself, even rather late in life, almost anything you like. You are not going to get fit in one day, one month, or perhaps, a year, unless you take enough outdoor exercise to keep the circulation going and practise the athlete's first principle—to keep the system clean. He does not give his body a chance to absorb poisons. He not only takes his cold shower, after exercise, but he knows a cleansing of the intestines is important, and he takes occasionally a good regulator and liver cleanser, such as a dose of castor oil, or what is much better, a tiny pill made up of May-apple, aloin and jalap, and sold by almost all druggists in the land as Dr. Pierce's Pleasant Pellets.

Keep the kidneys in good order also.

Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headaches, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night. Take heed, before too late! Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package of "Anuric."

U. S. NOW HAS FULL ARTILLERY EQUIPMENT

WASHINGTON, Nov. 26.—American artillery in the world war was forced to drill with improvised wooden guns, rope harnesses and other expedients because of lack of equipment, according to the annual report of Major General William J. Snow, chief of field artillery, made public yesterday.

"Large quantities of guns, howitzers, ammunition and other artillery materiel are on hand, left over from the war," the report said, "and the country thus for the first time in half a century, has on hand sufficient stocks of artillery to equip a large army. Should war unfortunately break out within the next few years, we would be spared the spectacle of artillery drilling with improvised wooden guns, home-made telephones, rope harnesses and similar expedients which characterized the first year of the present war."

An effort has been made during the

year to keep two artillery regiments trained and recruited up to strength for possible border duty.

Accomplishments during the year included the modernization of four regiments armed with 75 millimeter guns, and the development of new gas and smoke shells and a successful incendiary shell by the chemical warfare service.

AMUSEMENT NOTES

By the Theatres' Own Press Agents

THE STRAND

Olive Thomas, whose untimely death occurred in France recently, is the star in "Everybody's Sweetheart," which is being featured at The Strand. It was her last picture, and it is said to be one of her most appealing screen offerings. The little star was never given a better opportunity to reflect her exceptional talent and personal charm. Buster Keaton and William M. Crane will surely entertain you in their last big screen success, "The Saphead." The remainder of the bill is excellent.

B. F. KEITH'S THEATRE

Only a few more performances remain at the B. F. Keith Theatre, of the current bill, of which "The Fall of

Bigger, Better and Stronger

Recent improvements make the new O-Cedar Mop better than ever before. Being bigger, it will do more and better work—easier cleaning, dusting and polishing.

Being stronger, it will stand more hard knocks and last longer.

These betterments are for your convenience. To make dusting and polishing floors easier, quicker and better than ever.

The O-Cedar Polish Mop is big, broad and fluffy. The cords or strands are long. This gives it a broader cleaning and polishing spread. With it you can clean, dust and polish a floor in less time and do it in a far more satisfactory way than by any other method.

Second to the wonderful utility of the O-Cedar Mop is its simplicity. No taking apart to clean or to renew. Just immerse the entire mop in a bucket of boiling water and dash it up and down with the handle. In a few minutes it will be clean—renew it with O-Cedar Polish and it will be practically as good as new.

Sold under a positive guarantee to give absolute satisfaction or your money refunded. \$1.50, \$1.75 and \$2.00 Sizes—At All Dealers

Eye is the feature act. It is brilliantly played by Albert Cameron, Alan Devitt and C. Carroll Clucas, who play the versatile monologist. Is another winner on this bill, while Carl Emory and his Dogs constitute the best animal exhibit any stage. Buyse Combe, with his novel songs, is rated as a real artist, and Kelley & Brown, in their singing and dancing act, display undoubted class. The remainder of the bill is satisfactory, including Parker Bros., sensational athletes, and Dell & Jess, human puppets.

ALLEN McQUHAE COMING

The coming of the great Irish-American tenor, Allen McQuhae at the Opera House Sunday evening next, promises to be one of the real musical treats of the season. Well known musical critics of the country unhesitatingly pronounced him the new McCormack. Besides possessing a really wonderful singing voice, he has an engaging personality, and can sing the good, old Irish songs as no other soloist can. He was at one time the soloist for the Minneapolis Symphony orchestra. The program that he has arranged for his local engagement is sure to make a strong appeal to all lovers of Irish melodies. Tickets are now selling at Stearns', L. Clifton Co. and at the Opera House. Order at once.

OPERA HOUSE

The Lowell Players at the Opera House will present James A. Herne's great New England play, "Shore Acres," today for matinee and night. The usual schedule calls for a layoff on Friday afternoon, but because of the big demand for seats the management has decided to give the extra afternoon performance today. "Shore Acres" is one of the best New England stories ever adapted to the stage, and in it the Lowell Players find excellent material in which to reflect their unusual talent. The piece has all of the pleasing elements necessary in the performance of a satisfactory play.

Next week, commencing with matinee on Monday, the offering will be "A Widow By Proxy," a delightful comedy in which Miss Margaret Fields will be found in a splendid part. Order your tickets early.

MERRIMACK SQUARE THEATRE

Large holiday audiences enjoyed the big Robert W. Chambers' production, "The Restless Sex," at the Merrimack Square theatre yesterday afternoon and evening. "The Restless Sex" deals with the woman who is not satisfied to be just a wife, but wishes to attain a niche for herself in the world of art. Stephanie Cleland, a pretty New York society girl, is the central figure and her ambitions and romance form the story. Lush backgrounds, including a ball scene that is said to surpass anything of its kind ever

"Torchy's Millions," one of the noted Sewell Ford comedies; the International News, a Burton Holmes travel picture and the Photoplay Magazine round out the bill.

RIALTO THEATRE

Louise Glaum in "Love Madness," is the feature of two big screen attractions offered at the Rialto theatre for Thursday, Friday and Saturday. It is the story of the wife of a well-to-do business man who goes into the secrets of the underworld and saves her husband from the electric chair of a charge of murder, of which he is innocent. The other big production that the Rialto is showing for the week end is David Butler in "The Rickie Woman." There is also an Education comedy with Johnny Hines in "Torchy's Millions" and the Fox news

MATRIMONIAL

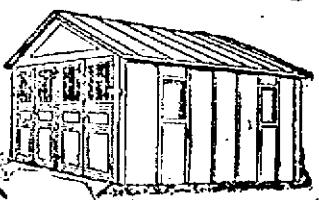

One of the prettiest weddings of the Thanksgiving season took place Wednesday afternoon at 4 o'clock when Mr. Charles E. Brown of this city, son of Mr. and Mrs. Charles Brown of Lawrence, and Miss Della M. Copley, daughter of Mr. and Mrs. John Copley of 3 Rondell court, were united in the holy bonds of matrimony at St. Michael's rectory by Rev. James F. Lynch. Miss Copley is a popular Centralville young woman while Mr. Brown is a well known employee of Thomas F. Hoban, proprietor of the Richardson hotel. The couple were attended by Miss Agnes M. McCabe as the bridesmaid and Mr. Joseph Sullivan as the best man. The bride wore light brown duvetyne with a picture hat to match and carried white chrysanthemums. The bridesmaid wore brown duvetyne, a picture hat, and carried yellow chrysanthemums. The

bride's gift to the bridesmaid was an aquamarine ring and that of the bridesmaid to the bride was a diamond stickpin and cuff links. Following the ceremony a wedding supper was served at the home of the bride's parents and at 8 o'clock in the evening a reception was held in L.O.O.F. hall, Bridge street, where a buffet luncheon was served and a happy program of dancing, music and other entertainment features carried out. The hall was appropriately decorated for the occasion. There were guests present from this city and Boston, Lawrence and Haverhill. Mr. and Mrs. Brown were the recipients of many beautiful gifts, including a large quantity of cut glass and linen. At 9.45 they departed on a honeymoon trip to New York city and upon their return will make their home at 4 Third street.

Refrigeration and Meat

In less than an hour after an animal is dispatched in a Swift & Company packing plant, it is hanging up as meat in a room brought by refrigerating machinery to a temperature just above freezing.

From that time until it is in your own ice box—within two to three weeks—it is kept at the same temperature; first in the coolers at our packing plants; next on our refrigerator cars, more than 6,000 of which are constantly moving to market with their perishable cargoes; then in our refrigerator rooms at our branch selling houses; then in your dealer's ice box, and last in your own.

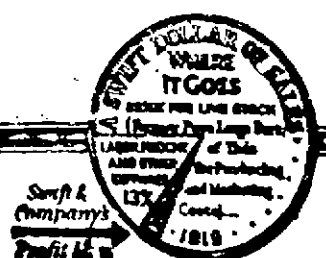

Only for the few minutes while it is being put into the refrigerator cars at our packing plants, or taken out of them at our branch houses, or whisked to your retailer in our trucks, is it exposed to any change of temperature.

Without a skilled use of this system of cooling, made possible by modern science, you could not get fresh meat, prepared under most sanitary conditions, except at greater expense—unless you happened to live so near live stock raising centers that your needs could be supplied from live stock raised near-by.

If the foregoing raises any question in the mind of the reader, we will endeavor to answer it, upon request.

Does Not Propose to Be Excluded From Rights Under Mandates, Says Note

WASHINGTON, Nov. 26.—(By the Associated Press)—The American government has informed Great Britain politely, but firmly, that it does not propose to be excluded from participation in the rights and privileges secured under mandates provided in the treaties of peace. Furthermore, it expects to be heard regarding the terms of those mandates before they are put into force.

The position of the United States is set forth in a note by Secretary Colby to Earl Curzon, the British secretary of state for foreign affairs, and the specific question discussed is that of the Mesopotamian petroleum fields. Mr. Colby's note is dated Nov. 20 and was made public yesterday following its delivery to the British foreign office early this week. It is in reply to a British note of last August 9, which dealt with the application of the principle of equality of treatment to the

territories of the Near East to be placed under British mandate.

The American note taking issue with what is described as the British position that mandate agreements and treaties are to be considered only by the states that are members of the League of Nations.

It states that the United States, as a participant in the world war "and a contributor to its successful issue, cannot consider any of the associated powers, the smallest not less than itself, debarred from discussion of any of its consequences, or from participation in the rights and privileges secured under the mandates provided in the treaties of peace."

Mr. Colby says in his note that the American government accepts the statement of the British government that it has refrained from exploiting the petroleum resources of the mandated territories in question "and welcomes your pledges" that it is far from the intention of Great Britain, "to establish any kind of monopoly or preferred position in its own interest."

"I need hardly refer again," Mr. Colby continues, "to the fact that the government of the United States has consistently urged that it is of the utmost importance to the future peace of the world that alien territory transferred as a result of the war with the Central powers should be held and administered in such a way as to assure equal treatment to the commerce and to the citizens of all nations. Indeed, it was in reliance upon an understanding to this effect and expressly in contemplation thereof, that the United States was persuaded that the acquisition under

mandate of certain enemy territory by the victorious powers would be consistent with the best interests of the world."

ENORMOUS TAXES
LEVIED BY TURKS
NEW YORK, Nov. 26.—Turkish tax collectors spare nothing from levies except schoolbooks, and the assessments run so high that 10 cents a pound is exacted on all sugar while a tax of \$229 recently was demanded on an automobile that sells for \$395 in the United States.

These unaffordable tax collectors have hoisted the rates to such an altitude that the near east relief injected a protest, its headquarters here was informed in a letter from one of the workers in Samroun, Armenia, about 300 miles from Constantinople.

Liquor, blighted by prohibition since Oct. 1, is taxed a certain sum per bottle, irrespective of quality, the letter said. The time limit for exporting all intoxicants from the country terminates Dec. 1. After that the Kemal government will confiscate the balance of stocks.

For 30 years special taxation has been exercised to fill a swamp that has caused malaria to blossom and flourish constantly, but the writer said, "these hundreds of thousands of Turkish pounds have filled official pockets while the marsh still remains unfilled." The near east relief has a hospital only a mile away, and has persistently requested that this "plague-spot" be removed.

Twenty tons of apples were distributed on the downtown streets of Seattle during the Apple day parade, Oct. 30.

Says Any Sufferer who Tries Miro
Internal Treatment Will Find
This Statement True

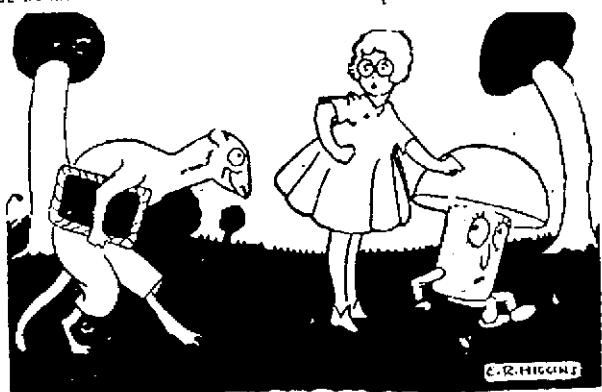

Mrs. E. Wathalen of Dayton, O., writes: "Regarding your wonderful discovery, Miro, I tried almost every kind of pile remedy on the market, read about Miro and after taking one bottle can truthfully say I am entirely cured. There is no pile remedy on the market to compare with Miro. I can't praise it enough and the price is so small compared to its wonderful merits. Anybody afflicted with piles who tries a bottle will find this statement true."

The discoverer of Miro desires all sufferers to know that he doesn't want a cent of anyone's money unless Miro Pile Remedy conquers even the worst cases and he has instructed druggists all over the country to guarantee it in every instance. Ask Fred Howard about it. He sells lots of it.—Adv.

ADVENTURES OF THE TWINS

by Olive Roberts Barton

Nancy was substitute in the Meadow Grove school because Mr. Scribble Scratch, the fairy schoolmaster, hadn't showed up that morning and somebody had to pitch in and do the teaching. Nick had gone to the little man's house by the bitersweet clump to see what was the matter, intending to fetch Dr. Mink if he were needed. But we must find out first what was

happening in the fairyman's absence. Nancy called the geography class to stand up in a row and answer questions, after the roll was called. She didn't know much geography herself, but the Magical Mushroom (which was being the teacher's desk) promised to help her out if she stayed near. Now, one of the worst boys in Meadow Grove school was Waspy Wensel, called Waspy because he had such a sharp bite. He had tried Scribble Scratch's patience almost beyond endurance, and had worn out more dunce-caps than all the rest of the school put together. Not that Waspy was a dunce, not he, he was as sharp as a tack and quick as a streak of lightning, but he was just so bad, that

REJOICE OVER RETURN OF BULL FIGHTS

MEXICO CITY, Nov. 26.—American fans never welcomed the opening of the baseball season with more enthusiasm than did "corrida" lovers in the Mexican capital greet the return of bullfights, after four years of prohibition. Flaming placards on every billboard announced that "El Torero," the huge bull ring here, would again be the scene of battle to death and the newspapers in news stories and editorials heralded the opening of the season, which was auspiciously inaugurated the latter part of October and will run until the latter part of January.

During this period some of the world's best matadors, most of whom have been fighting in Spain, will appear. Among those who have been engaged at fancy prices are Adolfo Gona, Ernesto Pastor, Luis Freg, Fernandez Manolete and Juan Silvetti. The opening of the season with Silvetti, a Mexican favorite, and "Angelito," a Spanish youngster, appearing jointly was a festive occasion. At the last moment there had been a disagreement with the government both as to the amount of taxes to be paid by the promoters and as to the safety of immense amphitheater which for almost four years has been in practical disuse.

All difficulties were finally removed and Sunday afternoon found 25,000 cheering spectators awaiting the entrance of the first bull. Diplomats, high federal and civic officials, the city's social aristocracy paid their six pesos each to sit in the shade and watch the spectacle while several thousand peñeros (peons) were glad to sit in the sun and pay two pesos each for the privilege. It was a gay day and six bulls were dispatched in record time.

Bullfights are held on Sunday afternoons and on the days of fiesta and Mexico City's glorious winter season which admits of no rain assures perfect weather. Six bulls are generally killed and clever matadors will complete the bill in an hour and a half. Gona, Pastor, Freg and Belmonte are said to receive from 3,000 to 12,000 pesos each for an afternoon's work. (Normally a Mexican peso is worth 50 cents.)

WITH POLISH AIR FORCE

American Mother's Sympathy
for Country Cause of Son's
Fighting for Poland

PINE BLUFF, Ark., Nov. 26.—His mother's deep-seated sympathy for Poland, aroused by her pouring over European history during a lonely childhood, is believed to be largely responsible for the career of Major Cedric Earle Fauntleroy, U. S. A., with the Polish air forces, where the major has been conspicuously mentioned during the past few months for his exploits against the Russian Bolsheviks. He is now in the United States on a mission for the Polish government, and plans soon to visit his mother, Mrs. May Fauntleroy, who lives at McGhee, Ark., a few miles south of this city.

"When I was a girl," Mrs. Fauntleroy said recently, "I lived with my grand parents. There were no children in the household and none near us. The five adults in the household talked of things that did not interest me. I was fond of reading, however, and grew to spend most of my time in grandfather's library. There I read over big volumes of history. Poland's misfortunes made a deep impression on me.

"Childlike, I made the troubles of oppressed peoples my grievances. I have restored the Polish kingdom hundreds of times, in my imagination, and shed numerous tears because of the plight of Poland within the last century. I have fought her enemies and killed the plotters who destroyed her. 'Kosciusko was one of my much-mourned visionary friends,' and according to my thinking, 'Freedom Shrieked When Kosciusko Fell' was the grandest poem ever written.

"Naturally, when Cedric was a child, I told him the stories of the tribulations of the Poles, and considered him with the thought that some day when he became a man, he might help set Poland free. I am sure that those memories have spurred him on in his activities against the Russians."

ZIONIST LEADER PRAISES PRESIDENT WILSON

BUFFALO, Nov. 26.—Jacob de Haas, executive secretary of the Zion Organization of America, told the members of that organization in their convention here yesterday that President Wilson, the members of his cabinet and officials of the United States government seconded every effort the Zionists made to save Palestine as a Jewish homeland. When the San Remo conference wrote the Balfour declaration, the Zionist leader declared, "black despair was turned into a new and never before experienced happiness," he declared.

Into that effort the Zionist Organization of America poured all its strength and whenever the story of political development of the movement from 1914 to April, 1920, shall be told, unstinted praise will be given to President Woodrow Wilson.

Touching on the present situation in Palestine, Mr. de Haas said:

"The appointment of Sir Herbert Samuel as high commissioner to Palestine was in the eyes of most, even more significant than the San Remo decision and there is plenty of evidence that Sir Herbert has brought a new spirit into Palestine and has made a wholesome readjustment of forces. One great change has evidently come over Palestine, and that is that the Arab problem has dwindled to its natural proportions. But while the political problem has become simpler, the problem of the general development of Palestine still waits upon the settlement of the northern and eastern boundaries, a problem that is being settled outside of Palestine and the methods to be pursued in the actual development of the homeland, must, in considerable measure, await until the League of Nations has approved the terms of the mandate which are still in the making."

According to Mr. de Haas' report, the American Organization is paying from 70 to 80 per cent of the budgets of the entire movement. From September, 1919, to July, 1920, the American Organization paid out \$15,000 a month to the International Organization, including the cost of maintaining in Palestine the American Zionist Medical Unit in conjunction with the joint distribution committee. Since July the commitments have been changed so that the International Organization receives \$25,000 a month and the Medical Unit \$35,000.

theory that bankers are not particularly familiar with the appearance of foreign currency.

A considerable amount of this bogus money is believed to have been passed successfully in America, as recently, a number of Polish Bolshevik agitators, returning to Poland from America for the purpose, it is believed, of promoting Bolshevism behind the lines of the Polish army which was fighting the Reds, have had in their possession thousands of dollars in American currency, thought to have been secured in exchange for bogus foreign banknotes in America.

"This Moscow counterfeiting scheme is an exceedingly ingenious, doubtless, one," said one police official who had been following it. "The Kremlin theory is that this queer stuff, when changed, provides good money for Bolshevik uses, and, at the same time, by flooding the world with bad money, sends prices up, creates unrest and makes things ripe for the big revolution Lenin is looking for."

BETTER PROTECTION AT GRADE CROSSINGS

WASHINGTON, Nov. 26.—A campaign for the passage of laws in all states requiring better protection of railroad grade crossings is to be carried on by members of the Association of State Railway and Utility Commissioners, which recently held its annual convention here.

A special committee appointed to investigate the whole subject said the elimination of all grade crossings in the United States "would probably cost as much as all the railroads are worth." It recommended laws requiring that every grade crossing be protected by an approach warning sign, placed in the highway at a distance not less than 300 feet on each side of the railroad tracks. The sign should be a circular disk not less than 24 inches in diameter, and properly lighted at night if deemed necessary.

Railroad companies would be required to maintain within the limits of their rights of way proper cautionary signs, to be equipped with a red light at night where necessary.

Other provisions of the proposed law include: Crossing flagmen to use during the day a uniform disk 18 inches in diameter painted white with a black border and the word "Stop" painted thereon in black letters about five inches high. Crossing gates to be painted with alternate diagonal stripes of black and white.

Railroad property at grade crossings to be maintained free from obstructions to vision, and highway approaches to be graded so as to permit free passage of vehicles.

Automobile drivers to come to a full stop at crossings not protected by gates or a flagman.

Between four thousand and five thousand persons are killed each year from trespassing upon railroad property and as many more injured, the committee said in urging passage of laws making such trespassing a misdemeanor punishable by fine or imprisonment.

The United States is the world's coal exporter.

REDS WITH BOGUS MONEY ON WAY TO U. S.

ANTWERP, Nov. 26.—Attempts of Bolshevik agents to get through to America with counterfeit money, made in Moscow, which it is believed they

planned to use in financing radical movements in the United States, have been discovered and, perhaps, thwarted by American government agents in Central Europe.

In connection with what officials believe to be a very carefully organized scheme to encourage strikes, unrest and promote Bolshevism in the United States, directed from Moscow, evidence has been secured of a plan to send to the United States bogus paper cur-

rency of several European nations, to be changed there into valid banknotes or securities.

Four men, coming direct from Moscow, who sought to go to America, were known to have had in their possession counterfeit French banknotes representing more than \$100,000.

The Moscow scheme, according to these officials, is quite simple; the changing in one country of the false counterfeit money of another, on the

THE ZEBRA IS A
RACE-SUICIDER

Zebra census statistics from South Africa show a large fall in numbers of the striped "horse," as they have been called. The Chapman zebra, pictured above, is nearly extinct, due to race suicide, which in turn is due to the encroaching of civilization. The Churchill zebra is holding its own in better shape, but it, too, is a mere remnant of what it once was in numbers.

THANKSGIVING IN CITY INSTITUTIONS

Inmates of the various local homes and orphanages spent a happy Thanksgiving with excellent dinners and enjoyable entertainments featuring the observance.

At St. Peter's orphanage the children enjoyed a bountiful Thanksgiving dinner at noon and in the afternoon were entertained by a group of singers, instrumentalists and dancers, including Paul McCarthy, Frank McCarthy, James Coughlin, John McArdle, James Daly, James O'Carra, Mrs. Conroy, Little Miss Mary Conroy, Miss Evelyn Withson, Miss Mabel Barrett and Mr. Knight of Billerica. After the entertainment a buffet luncheon was served. The day's program was under the auspices of St. Peter's Orphanage association.

French-American Orphanage

At the French-American orphanage in Pawtucket street a turkey dinner with all the fixings was served at noon under the direction of Notre Dame de Lourdes' sodality of St. Joseph's parish and at 2 o'clock a varied musical and literary program was given in the assembly hall much to the delight of the little ones.

Children's Home

The dinner at the Children's home in Hosford square consisted of stuffed turkey with all the fixings and in addition the children were treated to candy, nuts, figs and other toothsome delicacies. In the afternoon a special entertainment program was given.

Faith Home

The big attraction at the Faith home in Westford street was the turkey dinner, which was served at noon. After dinner the occupants of the home were entertained with musical and literary numbers.

Chelmsford Street Hospital

Roast pork was the piece de resistance at the Chelmsford street hospital and in addition the inmates were served plenty of pie, cake, fruit and other good things. In the afternoon a Victrola concert was given.

The agricultural department is considering disinfecting all fruits from the tropical countries where the citrus black fly is infecting the plants.

CUT THIS OUT OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England's scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment. Sprays, inhalants and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs, which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Eucalypti (Double strength). Take this home and add to it 1 pint of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should be open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Eucalypti used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.—Adv.

BROOKLYN UNDERTAKER GETS 3 TO 7 YEARS

NEW YORK, Nov. 26.—John Romanelli, Brooklyn undertaker, convicted of the larceny of 1000 gallons of wood alcohol which caused the death of 100 persons in Connecticut and western Massachusetts last Christmas, today was sentenced to serve from three and a half to seven years at hard labor in state prison.

Relieves Rheumatism

If You Haven't Tried Begy's Mustardine You'll Marvel at Its Speedy Action.

Oh, what quick relief! The sharp, agonizing pains of rheumatism relieved in a few minutes—gone in an hour. No wonder rheumatic sufferers swear by it and use it freely. And now that you have in your home a yellow box full of this quickest pain killer on earth, bear in mind that it gives just as quick results when you have a sore throat, or a cold in the chest, or lumbago, neuralgia or sore, aching feet. Just rub it on; that's all you have to do, and you'll find that toothache, earache, headache or backache won't linger with you long. Just think—a 30c box is equal to 50 blistering mustard plasters, but Begy's Mustardine cannot blister even the tenderest skin—the yellow box—30 and 60 cents.

distributing the liquor which caused the deaths. Romanelli is 50 years old and is the father of 13 children. Trial of Carmine Lixenzata, charged with murder, in connection with the poisoning cases, was continued today.

FINAL GAMES IN BOOTT MILL LEAGUE

In the final contests of the Boott Mill Bowling League Wednesday evening, the Mechanics took three points from the Office team; the Spinners three from the Electricians; the Waste department four from the Weavers; and the Carders three from the Cloth Room. The highest three rising total was 225 by Morin of the Spinning and F. JUVENILE COURT In the juvenile court today Arthur Dubé and Robert St. Jene were sent to the Lyman school and Eva Wedro to the Lancaster school. Three young men, charged with breaking, entering and larceny from camps in Tyngsboro and also held on suspicion in connection with the burning down of two cottages there, were found not guilty and discharged by Judge Enright.

HELD ANNUAL WHIST AND ENTERTAINMENT

About 500 people attended the fifth annual whist and entertainment, which was held at the C.M.A.C. hall in Pawtucket street Wednesday evening, under the auspices of the baseball team of the association. A feature of the evening was the drawing of a 15-pound turkey, each holder of a ticket having a chance to win the bird. The winner was Miss Mason. The evening's program was presided over by Adolphe Brassard, president of the association and in the early part of the evening whist was played, handsome and valuable prizes being awarded the winners. Later an entertainment program was given by F. X. Chantreau of Boston, Miss Laplante, George Demers, Mr. Asselin and others.

J. A. N. Chretien had charge of the following scorers: Maurice Arcand, Joseph and Albert Simard, Remo Lozeau, Joseph Cote, Willie Lassler, J. Desrosiers and Raymond St. Martin. The officers of the committee were: Albert Guilbeault, chairman; Philippe Morin, treasurer, and Remo Lozeau, secretary.

PRICE REDUCTIONS ON WINDOW SHADES

NEW YORK, Nov. 26.—Price reductions of approximately 33-1/3 per cent. on window shades were announced today by the Columbia Mills, Inc., the

largest manufacturers in that industry in the country. The prices of shade cloths and rollers also were reduced one-third. The reductions, which bring prices to near the pre-war level, were made possible by slumps in the prices of cotton and other materials, the announcement said.

THREE KILLED IN RACE

Chevrolet and Jolls Dashed to Death on Track—
O'Donnell Died in Hospital

SPEEDWAY, LOS ANGELES, Nov. 26.—Gaston Chevrolet, famous racing driver, and Lyall Jolls, mechanic for Ed. O'Donnell, were killed yesterday, when Chevrolet's and O'Donnell's machines crashed together on the Los Angeles speedway, at the east end of the grandstand, near the close of the 250-mile race.

O'Donnell was so seriously injured that it was at first reported he was killed. His skull was fractured and both arms broken. He was rushed to the hospital, where he died this morning.

John Brennan, Chevrolet's mechanic, was seriously injured. Chevrolet, it developed, had won the national championship for 1920 on a point basis, Roscoe Sables, winner of the race, being far behind.

Sables the Winner

Roscoe Sables, driving the distance without a stop, won the 250-mile race. Eddie Miller finished second and Ed. die Hearn third. Sables led on every lap but one and in addition to first prize of \$10,000, took nearly the same amount in lap prizes. Miller and Hearn won \$6000 and \$3000 respectively. Jimmy Murphy finished fourth, taking \$2000 in prizes, and Joe Thomas was fifth.

Sables time was 2:25:20, an average of 103.2 miles an hour. Miller's time was 2:30:11 and Hearn's 2:37:27.

The accident occurred while Chevrolet, O'Donnell and Joe Thomas were fighting to make up the half a dozen laps they were behind the leaders at the 150-lap point. The three cars were bunched on the east turn.

According to persons grouped about the turn, Chevrolet turned to pass Thomas, who was on the inside of the bowl, and his car struck that of O'Donnell, who was on the outside. O'Donnell's car turned and plunged down the incline and Chevrolet's, apparently out of control, shot to the top of the track, tore 20 feet of the fence, when rolled down the incline on top of the wreckage beneath which O'Donnell and Jolls were pinned.

Thought O'Donnell Dead at First

All four men were removed to a hospital. O'Donnell was unconscious, his skull fractured and both arms broken and attendants brought information to the judges stand he was dead. The officials announced that both had been killed and it was nearly two hours after before the news spread that O'Donnell was still living.

information to the judges stand he was dead. The officials announced that both had been killed and it was nearly two hours after before the news spread that O'Donnell was still living.

Jim Crosby finished sixth. Al Melcher, Tommy Milton and John Thiele were forced out by engine trouble.

Chevrolet's point total for the season in the championship competition was 1030, all acquired previous to yesterday's races. Milton, who did not finish yesterday, had 350, with other competitors as follows:

Murphy, 885; Ralph de Palma, 605; Sables, 640; Thomas, 351; Mulford, 350; Hearn, 346; Ira Vail, 140; O'Donnell, 110; Mulford and Vail were not entered in the race yesterday. De Palma was entered but did not start.

YESTERDAY'S RESULTS

At Boston—Frank Tille won from Mickey Donovan on foul in fifth round. At Leavenworth, Kas.—Jack Johnson knocked out Frank Owens in 6th round.

At Philadelphia—Law Tender wins over Johnny Tillman in eight rounds.

At Salem—Sallor Joe Gibbs awarded judges' decision over Dummy Burns in 10 rounds.

At Providence—Mickey Davine, Rhode Island lightweight champion, won Rhode Island welterweight crown by winning the decision over Young Goulas.

At Philadelphia—Willie Jackson won over Matt Brock in four rounds. The referee stopped the bout because of the punishment meted out to Brock.

At New York—Tommy Noble and Sammy Siegel went 15 rounds to a draw.

The American Red Cross last year furnished \$51,000,000 to war-stricken Europe.

"Workman Day" Celebration

HUNTINGTON, W. Va., Nov. 26.—"A Workman day" celebration will mark the Huntington High alumni football game here Saturday, when five Workman brothers, including the two Ohio state university stars "Hoge" and Noel, will participate in the game. Three of the brothers will be in the alumni lineup and two younger brothers will play with the regulars. The mother of the five has announced that she will be a spectator at the game and will root impartially.

Centre College Scores 469 Points

DANVILLE, Ky., Nov. 26.—Some football enthusiasts here were convinced today that they might have to buy adding machines if they should see Centre college play again this season. The "Praying Colonels" yesterday defeated Georgetown college of Kentucky, 103 to 0, making 469 points they have scored in nine games this season to 55 for opponents. "Red" Weaver, Centre's center, who played only a part of the game, kicked four goals, making 90 consecutive ones for him.

Ty Cobb Boomed Out of Ball Park

SAN JOSE, Cal., Nov. 26.—Ty Cobb was boomed out of the ball park by indignant fans who came to see him play here, when he quit the game yesterday at the end of the sixth inning after an argument over an emery ball. The umpire and the San Jose team refused to take the ball to which he objected out of the game. He declined to go to bat, and left the park. His All-Stars were defeated, 7 to 6.

Leonard Meets Welling Tonight

NEW YORK, Nov. 26.—Benny Leonard, world's lightweight boxing champion, will defend his title tonight against Joe Welling of Chicago, in a 15-round bout to a decision. The winner will receive a diamond-studded belt to be presented by Tex Rickard. A 10-round bout also will be fought between Panama Joe Gans and George Christian, who will contend for the colored middleweight championship now held by Gans.

"Taking the Bull by the Horns"

O'Brien Cuts Clothing
Prices to the Limit

The clothing business is in a blue funk. Prices are tumbling, largely due to speculators who over-reached themselves. Now they must cash in at any sacrifice. It's a tough situation for the dealer—but a Godsend to the man who needs clothes.

In this time of hesitation we're "taking the bull by the horns" (not throwing the bull.) We haven't an overstock, but we have a sizable stock that's worth much less today than when we bought. So, we're cutting prices to the limit—away below what these same goods will be worth another season.

Every suit, overcoat and ulster in our stock is marked down—in many cases much below the cost—even blues and blacks, usually reserved from sales, are included.

"I am feeling great now; in fact, I have just been accepted in the local company of the National Guard, having been examined and passed as A-1, physically, by the doctors. This is the best evidence in the world that Sister Mary's Compound is clearing my system of that terrible and deadly poison—gas. I have gained seven pounds and am on the right road to complete recovery. Thanks to your wonderful medicine, I will never stop preaching its value and earnestly recommend it to all who have suffered as I have."

Sergeant Armstrong began taking Sister Mary's Compound last June and has never missed even one dose. The RESULT of that PERSISTENCY and COURAGE is evident from the above letter.

BAR UNDESIRABLE IMMIGRANTS

The time has arrived when our immigration officials should take steps to exclude the dangerous classes of foreigners such as Bolsheviks, anarchists, convicted criminals and persons suffering from infectious diseases. At the present time they are coming to our shores in large numbers without proof of their desirability, or question as to their fitness or their intentions in coming here.

The charge is made that there is collusion between the steamship companies and the corrupt officials of European governments to dump immigrants of all kinds on these shores. To the eagerness of the great transatlantic steamship lines to get business, has been due in past years, much of the European craze in favor of emigration to the United States as a sort of Eldorado. Each particular company tried to outdo all competitors in offering inducement to emigrants with the result that Europeans were dumped in our eastern ports by the thousands.

The immigration laws now in force forbid the admission of criminals, paupers, the mentally deficient, anarchists and persons suffering from infectious diseases or likely to become public charges.

It is impossible to identify each and every immigrant who belongs to one or other of these classes; after they land upon our shores. The time to test their status is before they embark. Let each be compelled to furnish proofs of good health, good character and the other qualifications required. All this can be done on the other side the ocean with reasonable success and should be done. It is high time the necessary steps were taken to prevent any further influx of Russian Reds, of whom we have already far too many.

So great is the misery all over the continent of Europe at the present time that unless some restriction is imposed the volume of immigration will reach unprecedented proportions. The only obstacle, apart from the operation of our laws is the expense of the voyage.

The Russians want to get away from the bloody sway of Lenin and Trotsky and the Austrians from a severe famine of food and fuel, while the peoples of many other nations borne down by the burden of taxes would gladly come here if they could pay the price. By far the greater part of the immigrants will be women, because of the great number widowed or left in destitute circumstances by the war. It is not likely that many men will leave France, but undoubtedly thousands of the women will be glad to get the opportunity to cast their lot on the shores of the United States. The French people have been most favorably impressed by our service men whom they met during the conflict and have a very high opinion of our government and our country. Against French immigrants there can be no objection, provided they meet the requirements of the law. They proved their devotion to the cause of freedom, and in view of the friendship between the two great republics, we should be glad to share our freedom with such of the French people as wish to come here.

PUT FEAR ASIDE

It is an unfruitful day at present that does not bring forth something new from the sharps who delve about in the realm of nerves, psychoanalysis and the subconscious. One of their latest achievements is to invent a new word to describe something that is very old. It is phobothenia, or, as it is sometimes written, "phobothenia." It hasn't found its way into the dictionaries yet, but, given time, it will doubtless arrive there.

"Phobothenia," in plain English, is a disease that causes its victims to be morbidly afraid of things. "Phobia," the dictionaries tell us, is a Greek word denoting fear, and often implying dislike or aversion.

Fear is but a sham and bogey because we only fear the hidden, the imaginary, the mysterious. It is the possibilities that lurk behind the enveloping veil of the unknown that terrify.

Men who went across to France to slake sensations of fright that preceded the anticipated order to go forward over the top. But, once the trench had been mounted, the rush into blistering fire, the hand-to-hand grapple with the enemy dispelled their terrors. The real presence, the nearness of death was forgotten because of its very intensity.

In our social affairs we are shackled from going forward by "phobothenia." Advance a perfect for social or civic improvement here in Lowell, or any other place, and, if it's new and untried, see how quickly you will be met with the objection—"that has never been done anywhere; let someone else try it." Fear again—fear of disastrous consequences, which, if they materialized, would be grappled with and conquered bravely enough. Is the great obstacle.

A cure for the disease—it is probably like the small boy and the core of the apple he was eating—there "ain't any," but it must be fought by all who want real progress and success.

MAKE GRAFTING DIFFICULT

In the conduct of the business of our city, the greatest opportunity for waste and extravagance always rests in the street and building departments. For this reason it would be well for the charter commission to provide the proper safeguards so that there would at all times be skilled direction of both departments and open competition, not restricted to local contractors, for the construction of all new buildings. The corruption revealed in the build-

ing operations of New York city has opened the eyes of the country to the necessity of precautions against corruption everywhere. It is right and just that in the organic law of the city there shall be ample safeguards against fraud. If at any time the responsible officials should forget their duty and undertake to rob the city. What has happened elsewhere may happen here and that is why the charter commission should adopt a system that will compel efficiency and minimize, as far as possible, the opportunities for graft. Some will say that it all depends upon the men elected to responsible positions; but it is well to assume that at some future time a very bad man will be elected to this or that office. Now it is up to our charter builders to frame a system of checks, competition, reporting and accounting that will make municipal grafting a great deal more difficult than it is at present.

GERMANY PROTESTS

Considerable commotion has been caused in Europe by the action of Germany in notifying the League of Nations that she repudiates her signature to the colonial clause of the peace treaty.

That is a protest against the handing over of her colonies to England. Undoubtedly Germany will endeavor to make trouble over this part of the treaty if she ever has the chance and the ability to do so. This declaration will cause England and France to send out the alarm that Germany plans another world war. If Russia ever forms an alliance with Germany against the other powers of Europe, the worst fears of the entente will be realized. Apparently England is out to be the first power to win the favor of Russia. If John Bull fears her as an enemy, he will try to bind her in alliance as his friend. That is the policy by which he maintains friendly relations with Japan.

THE PRIMARY RESULTS

In the first sifting of the candidates seeking nomination for the municipal council and school board, the electorate evidently endeavored to pick the best men and undoubtedly came as near doing so as could be expected.

We are satisfied that had there been better men up for either board, the voters who are not tied to political machines would have supported them. That more representative men did not seek places on the ticket is due to the system, the charter, and not to the electorate. Yet the electorate is blamed but without regard for truth and justice.

At the city election there will be a still further sifting which will eliminate just half the nominees. In that process there is likely to be more party and political influence, used than was applied at the primaries.

POSTAL SAVINGS BANKS

Congressman Clyde Kelly complains that one arm of the government loaned \$150,000,000 of the people's money to banks at 2 1/2 per cent, and another arm borrowed it back at 6 per cent. The congressman would remove the limit from postal savings and pay 4 per cent on all deposits and then loan it back to the people at 5 per cent. His aim is to make the postal savings bank a valuable institution for the benefit of the people locally. Under present conditions the money placed in the postal banks is removed from local control or investment. If deposited in local savings banks it would be loaned on mortgages or other securities. The interest would be higher and the security beyond criticism.

THAT DEFICIT

It is announced that the republican national committee spent \$4,022,530.09 in its campaign and has still liabilities amounting to \$1,500,000. Chairman Hays modestly calls upon republicans for Thanksgiving offerings from friends of the party and there is little doubt that it will be promptly forthcoming. There are certain interests which will be glad to have a share in this work, confident that the reward will come afterwards.

If the young women of the Normal school absorb all of the good advice about the duties of citizenship that is to be offered them in the series of talks that has been arranged by Principal Clarence M. Lightest Kind of Work

Lazy Lorenzo and Dog-Tired Dick were discussing something they knew little about—work.

"I think," said Lazy Lorenzo, "that if they did away with work altogether I'd put an end to these 'ero strikes.'"

"Yus," said Dog-Tired Dick. "That'll be the time when everything's done by electricity. Only got to press a button and the job's done."

A slow horror dawned in Lazy Lorenzo's eyes.

"That won't do," he said, emphatically. "Who's a-goin' to press the button?"—Houston Post.

The Sandwich

When a person goes into a restaurant and orders a sandwich, he little knows, nor little cares, perhaps, the history that's come down through the centuries as to just how the lovely sandwich got its name. But perhaps one picks up his ear when told that something was at the root of it. To the same man, history tells us, is due the credit for the naming of the sandwich and the naming of the Sandwich Islands. He was John Montagu, Fourth Earl of Sandwich. The earl was considerable of a public man, it seems, a good debater, and a sporting man. He was an inveterate gambler. As a result of this, he frequently gambled all through his meal hours, "sending out" the story that, for "a slice of meat between two pieces of bread"—there one has it, the sandwich. And just to make the embryo of the inventor of the sandwich indelible, Captain James Cook, that wonderful navigator, named the Sandwich Islands for him back there in 1778.

Emancipator

O, the hours I have devoted to the books that I have bought to read them. Not because I wished to read them, but because I thought I ought. And I waded through their chapters to the last and final page. With a dogged perseverance, in a dumb and helpless rage.

Conscientiously I plodded, not a single word I skipped. Though it gave me small enjoyment, seldom was my interest gripped. Picky as a village sermon, dry as some old parchment, it was a book I read. Still, persistently I swallowed books I thought I ought to read.

Now, how changed the situation! All unclouded by myself, I can gaze on jaded volumes, standing neatly on the shelf. Though I have great stores of wisdom, to peruse them there is no need; circumstances alter cases. Now, I do not have to read!

I can sit in lazy comfort, flipping uncut pages over. While no guilty pang of conscience bids me read the weary lore; Gloating over rare old volumes and editions de luxe. I've become a book collector—and we never read our books!

—Carolyn Wells, in Life.

THE MAN ABOUT TOWN

It is a pleasure to some of us to see a play of the type of James A. Hynes' "Shore Acres" come back to Lowell. After a lot of plays, movie and otherwise, picturing in varying terms and under slightly different conditions life in supposedly high social circles which, while they may have their glamor, are not very real to the average man or woman, it is a cause for congratulation that a chance is afforded to get into contact with plain, old-fashioned people who never heard of "camping" and to whom the mystic of hectic society life was real mysteries. James A. Hynes excelled perhaps all of our writers of plays in picturing the solid New England character something as it really is. He had but one rival—Denman Thompson. Mr. Thompson, however, created but a single play that was a success—"The Old Homestead"—and but a single character that is remembered—Josh Whitcomb. His friend, Joseph Jefferson, stands about the only other actor of his time whose name is imperishably associated with a single part—Rip Van Winkle. But, Jefferson, unlike Mr. Thompson, proved that he could delineate more than a single character if the public would permit it, which it refused to do in his case. Those who ever saw him in "The Rivals," "The School for Scandal," or a number of the other old comedies, are able to treasure memories of rare and finished acting such as goes only with rare genius. James A. Hynes' first real stage success was secured in "Harris of Oak." Nothing less than the author's genius for presenting the true sturdiness of New England character could have prevented one of the scenes in the play in which, as sort of an Enchanted Arden he returns to the home scenes he has deserted, to play unknown with his own child beside his own tombstone, from becoming pathos.

It is almost impossible, I believe, to overstate the need for generous donations to St. Peter's orphanage upon the occasion of the annual donation day tomorrow. This year, more especially than in years past, there is urgent call for supplies of all kinds at the home in Stevens street owing to the increase in the number of children being taken care of at the institution. The sisters of the orphanage rely to a large extent on the generosity and co-operation of the public in carrying on their wonderful work and so far, their confidence has never been misplaced. Lined, clothing, food and similar articles will be gratefully received. A musical program, always a greatly anticipated feature of the annual donation day, will be carried out as usual this year and under the direction of Miss Katherine V. Hennessey, some of the most talented musicians and soloists of the city will give a musical of high grade. But this, of course, will be but a diversion. The real purpose of donation day is to fortify the orphanage with those supplies and materials which it must have to continue its work and to that end the orphanage authorities respectfully ask the co-operation of the public.

When Prices Were Soaring

We did not mark up our merchandise, and now on the downward trend we will keep our stock at market prices. This mark-down is general throughout our entire store. Our original mark-up was very small. By selling our merchandise at today's price means a heavy loss to us. Some people say that we are foolish. We call it "service."

"A SAFE PLACE TO TRADE"

AMERICAN TELLS OF REAL
CONDITIONS IN ITALY

ROME, Nov. 26.—Alfred C. Bedford, of New York city, vice president of the international chamber of commerce, after visiting Genoa, has been spending a few days in Rome to ascertain the real situation in Italy from a political, economic and financial point of view and meeting the leading men of Italy, including Premier Giolitti and William Marconi.

To the representative of the Associated Press, Mr. Bedford expressed himself as being greatly reassured by his contact with Italian affairs and said that in his opinion the significance of the recent occurrences in Italy (syndicalist seizures of factories, etc.) had not been fully understood in America.

"In some instances the readjustment of the economic conditions at times assumed what appeared on the surface to be a drastic aspect, but the disposition of the great mass of Italian people was to return as rapidly as possible to an orderly systematic development of the country's trade," he continued.

"Italy is sadly and ably led by the existing government, a wise and amiable settlement being reached between labor and capital in basic industries, and the financial program promises to materially relieve the financial burdens of the country which is an assurance for the future."

Mr. Bedford added that it was difficult to predict the future course of exchange but, in his opinion, no magic existed by which a return to normal could be accomplished quickly.

He concluded by saying: "When all financial nostrums prescribed from different sources in Europe and America have been exhausted, it will probably be found that the simple remedy of united efforts toward renewing the world's real wealth or commodities and the elimination of extravagances levied by war, will have constituted the ultimate solution of the world's financial problem."

The Giornale d'Italia quoted him as saying: "The Americans are aware of their duties toward the world. On the individual prosperity of Italy, England, France, Belgium and America depends the prosperity of all. The egoistic shortsighted policy of national success built on the ruins of neighboring nations is a policy of the past. Preferential tariffs and disloyal competitions are burdens on commerce and international industries, not only are they unwholesome systems but create enmities and wars between peoples."

"The American system of commerce is convinced that by substituting for these fallacious principles, healthy energetic proposals of united international action, commerce freed from artificial obstacles, and just treatment toward nations lacking in natural resources, the interests of humanity would be better guaranteed. I believe that through frequent exchange of views between commercial and eliminating misunderstandings, this object would be attained."

"This," concluded Mr. Bedford, "is the reason of my visit to Italy."

RUSSIAN COMMUNITIES
PROTEST TO PEKING

PEKING, Oct. 26.—The three Russian communities heretofore holding extra-territorial privileges in Tientsin, Shanghai and Hankow have lodged protests with the diplomatic body in Peking against the taking over by the Chinese government of jurisdiction in the Russian concessions in those cities in pursuance of the decree of September 23 (by which China severed relations with the legation representing the government of the late Russian emperor, Nicholas).

The protest from Shanghai is signed by the Russian chamber of commerce, committee of the Russian Assembly, the Russian Volunteer fleet, and a long list of firms and individuals. It declares that the signature "recognize in the declaration of the Chinese government a menace to our immediate material interests as well as to future prospects for uninterrupted residence

and trade relations with China." They request that the authority of the Russian legation and the Russian consulates in China shall remain unassailed.

Similar sentiments were expressed by representative Russians and by certain Chinese residents and lease-holders in the other concessions. Chinese officials at Harbin are reported to have asked the Russian frontier district court there to transfer all its documents to the Chinese government. The request is said to have been refused by the district attorney who declared that the procedure must follow Russian law. In the event of force being used against him, he said, his course would be to notify all foreign consuls in Harbin of the fact for the reason that documents pertaining to foreign cases were in his possession.

At a meeting of the diplomats corps

in Peking it was resolved to recommend to the Chinese government that the physical property of the Russian legation be placed in charge of the administrative council of the legation quarter and it was intimated that the choice of the body for custodian would be Prince Koudacheff, the deposed Russian minister, who would be asked to remain in the legation as a private citizen until his departure from China.

No decision regarding possible action on the protests lodged with the body was taken, so far as could be ascertained.

The attitude of the foreign office is to continue in office all functionaries in the concessions except the consuls, who have been replaced by Chinese commissioners of foreign relations. So far as possible, the Associated Press is informed on good authority, it is the intention to follow Russian law

procedure in all cases where Russians are concerned. From the Chinese point of view, the new status of the Russian concessions does not infringe any treaty rights and it is declared to be the intention to hold such rights in statu quo until a government is recognized in Russia.

Members of Girls' Community Service Club Will Carry Cheer to Soldiers in Hospitals

Plans are under way for a trip to the Groton, Connecticut hospital Sunday by members of the Girls' Community Service club. Those girls taking the trip will leave the square at 1.15 o'clock in automobiles and have been requested to bring with them magazines, phonograph records, papers and

good things to eat for the soldiers confined in the hospitals. A musical program to be furnished by the members, is being arranged by Miss Margaret Price of the Community Service committee of the club.

Announcement is made that on Friday and Saturday afternoons those members who have previously given up their time to such activity will meet to continue work on the pajamas for the convalescent soldiers of the Walter Reed hospital.

Over 100 children were present at the Thanksgiving costume party staged in the club rooms under the direction of Miss Bawlia Lawler. The children in attendance were members of the gym classes. Prizes were offered for the two most original, two prettiest and two funniest costumes. Immediately after the grand march the children were divided into groups and the club members acted as leaders for the games in various games. After the games a solo dance was contributed by Miss Bertha Choquette. Refreshments were served.

THANKSGIVING DAY IN LOCAL CHURCHES

Lowell's churches observed Thanksgiving day with special services yesterday and large congregations were in attendance despite the unfavorable weather.

In the Catholic churches masses were said for deceased members of various societies, while in the Protestant churches the services consisted of Thanksgiving sermons, prayer and the reading of the governor's proclamation.

At 8:45 at the Sacred Heart church a requiem mass was celebrated for the deceased members of the Holy Name society and at 9 o'clock a mass was said for the church benefactors at the Immaculate Conception church. Similar services were carried out in a number of other Catholic churches.

In the Protestant churches' union Thanksgiving services were held at the First Baptist church, Calvary Baptist and Central M. E. churches. At the First Baptist the speaker was Rev. William E. Tuthill, pastor of the Union church. Members of the First Baptist, St. Paul's M. E., First Presbyterian, Westminster Presbyterian, and Gorham Street Methodist churches united for services here.

At the Calvary Baptist church, that church, the Highland Union Methodist, the Grace Universalist and the Highland Congregational churches united. Rev. Arthur S. Beale of the Highland Congregational church delivered the Thanksgiving message.

At the Central M. E. church the speaker was Rev. Dr. J. B. Wagner of Newton Centre. The uniting churches here were the Central M. E., All Souls, the First Congregational, the Worthen Street Baptist, various Centralville churches, and the Young Men's and Young Women's Christian Associations.

members of Lowell's only combat unit on their trip to Washington for the presidential inauguration next March, got under way at the state armory in Westford street yesterday afternoon and from 1 o'clock until late in the evening throngs of youngsters and oldsters paraded up and down the expanse of the building seeking to "take in" the maze of attractions.

There was everything that a real fair should have from the bulletin board to the menagerie in the basement. Members of the battery made their first appearance in their new uniforms yesterday and looked decidedly attractive.

During the afternoon several thousand school children were admitted free and spent a most enjoyable holiday among the various booths and other attractions that line the big drill shed floor. In the evening the older people came in large numbers and the inclement weather had practically no effect on the attendance.

Among the features at the various booths are an electric needle beautyifier, doll, candy, pillow, fruit and chicken wheels, a lollypop booth, a ouija board booth, a women's hosiery booth, a glass-blower, a candy booth, perfume booth, a California flower beads booth, a real merry-go-round and an animal show in the basement.

NEW HAVEN LAYS OFF 3000 EMPLOYEES

NEW HAVEN, Conn., Nov. 26.—The total layoff of employees of the N. Y. N. H. and H. R. R. now will affect 3000 persons. It was said last night by C. J. Harbo, general manager of the system. This is approximately a 10 per cent. reduction in working forces and will affect all departments of the railroad, he stated. He declared that the railroad expected to reduce pay roll expenses 10 per cent by the lay-offs.

ANNUAL THANKSGIVING SOCIAL

Students of the Lowell Normal school held their annual Thanksgiving social in the school hall Wednesday evening, and the affair was most enjoyable to the large number of young people present. Lavender and pink streamers and chrysanthemums formed the decorations. An extended dance order was carried out and later refreshments were served. The patronesses were Miss Frances Clark, Miss Helen Hogan, Mr. and Mrs. Clarence M. Wood, Mr. and Mrs. C. J. Cuddy and Mr. Tully. The school governing board, made up of the following students, was responsible for the success of the affair: Misses Bernice

RAILROAD Man Gains 31 Pounds. Edmond Cote Tells of Remarkable Benefits He Re- ceived By Taking Tanlac.

"I'm enjoying the best of health now but if you could have seen me before I got hold of Tanlac you wouldn't take me to be the same person," said Edmond Cote of 37 1/2 St. Lowell, in telling of the remarkable benefits he has derived from the medicine. Mr. Cote is employed at the Boston & Maine railroad shops, and is highly respected by all who know him.

"Yes, the medicine has actually built me up thirty-one pounds in weight, and I just can't say enough for it. However, before I got Tanlac, I was in mighty bad health for more than six years. My stomach was so disordered that nothing I ate agreed with me, and at times even a glass of cold water would cause nausea. My head ached so bad and I became so dizzy that often I could scarcely see, and I was nervous and restless I never got any good sleep or rest. I felt off so much in weight my clothes were way too large for me, and I was very much worried over my condition. Why, just a few days before I started on Tanlac I had such a severe attack of indigestion I wasn't able to go on with my work, but just had to quit and lie down."

"Well, sir, the way six bottles of Tanlac has fixed me up is simply astonishing, for it has made me feel like an entirely different person. My appetite is just ravenous now and everything agrees with me perfectly. As shown by my big gain in weight, I'm free from headaches and dizziness, and sleep like a log every night. I'm brimful of new life and energy and just feel fine all the time. I believe in giving everything its due, and I want to say right now I can't praise Tanlac too highly for restoring my health."

Tanlac is sold in Lowell by Greene Drug Store, under the personal direction of a special Tanlac representative, by Wright Drug Co., Billerica, Mass., and by the leading druggists in every town.—Adv.

MOLD DANCING PARTY

Over 100 couples attended the dancing party, which was held in the new parish house of All Souls' church Wednesday evening, the affair being the first in a series to be conducted by the young people in the course of the winter. During intermission refreshments were served. The patronesses were Mrs. J. A. Hunsnewell, Mrs. Edward W. Brigham, Mrs. W. N. Goodell, Mrs. Donald Cameron, Mrs. Hammond Barnes, Mrs. Cyrus Woodman, Mrs. Joseph Talbot, Mrs. Harold Fox and Mrs. Allan M. Duran. The ushers were Fred C. Church, Jr., Donald Hammond Barnes and Frederick Chase.

QUITS INTER CHURCH MOVEMENT

WOMAN SUFFERED IN SILENCE

Made Believe She Was Well

A woman of New Auburn, Me., writes: "There must be lots of women who feel as I did. I suffered in silence many times on account of my pride, but now I know that a good laxative is essential to good health. I pretended I was all right when I wasn't. I had terrible pains, was 'grouchy' and my headaches almost killed me. Pain and worst of all I had a slow becoming complexion which was not helped by face powders. Why didn't I try to cure myself, rather than pretend? After taking Dr. True's Elixir, I now know that a laxative was what I needed. Dr. True's Elixir is mild and pleasant to take, and works just right for me. My complexion cleared up—bright and ruddy—hemicus vanished, and every one remarked how much better I looked." Mrs. E. J. B. (New Auburn, Me.). Dr. True's Elixir will help you too, don't pretend any longer.—Adv.

TRAFFIC OFFICERS

Lowell's traffic officers enjoyed the day off yesterday. Some time ago when the day-off-in-eight went into effect the traffic officers, who up to that time had not worked holidays with the exception of July 4, were informed that inasmuch as they were included in the new arrangement they would have to work Sundays and holidays, but Wednesday they were informed by the mayor that from now on they would be given their day off in eight and on top of that they would not work Sundays or holidays.

CITY COUNCIL HAS BRIEF MEETING

The municipal council at a two-minute meeting this morning voted to recommend to the board of assessors that the 1920 taxes on the parcel of land at the junction of Pine and Stevens streets, recently seized as a site for a firehouse, be abated. The land was owned by Albert D. Cameron.

Today's meeting had been called by Mayor Thompson chiefly for the purpose of discussing the city's financial condition, with special reference to the school department, as the current year draws to a close. However, a financial statement which the mayor's having prepared, has not yet been completed and the matter was not brought up at the meeting. It will be discussed next Tuesday.

Mayor Thompson called to order at 10:10. Commissioner Murphy was absent.

The petition of Nicholas Casazza that the sewer in Belrose avenue be extended through Wilmington avenue was referred to Commissioner Murphy. Edward T. Bailey's petition for a

gasoline license at Chelmsford and Powell streets was referred for a hearing Dec. 11.

Commissioner Salmon introduced a vote recommending to the board of assessors that the 1920 taxes on the lot of land at the junction of Pine and Stevens streets, recently seized for firehouse purposes, be abated. The vote was passed.

MacSWINEY'S FACE**APPEARS IN WALL**

BOSTON, Nov. 26.—The sudden and unexplained appearance of a perfect

cameo replica of the profile of the late Lord Mayor Terence MacSwiney of Cork, Ire., who died in Brixton prison, London, after a hunger strike of 74 days, which has appeared in the plaster wall of the kitchen at 7 Otis place, is causing much wonder among the supporters of the Irish cause in this city.

According to employees of the household at the Otis place house, the image suddenly appeared in the wall between 6 and 7 o'clock last Sunday evening. They can give no explanation as to how it came about. The house is occupied by Miss Louise Appleton Wells. The apparent phenomenon was first noticed by Miss Agnes Kelley and Miss Della Curley, who are employed as housemaids by Miss Wells.

of troops in the Canal Zone. During his motor ride, he inspected the forts of the Pacific end of the great waterway.

Senator Harding's address at the banquet given in his honor last night by the president of Panama, created a most favorable impression, judging from comments.

"The cordiality of your greetings and the fine spirit of your good wishes stir me deeply," he said, facing President Porras. "It is a fine thing for one republic to be so reassured of the abiding confidence and friendship of a sister republic. I am wholly conscious I am here as a private citizen, though I am not permitted to forget, however much I may wish it, that I am to come to a great responsibility at a no very distant day. Is it for that you honor me as you do? Believing that is the reason, I cannot be-

Could Not Work for Two Years. "I had rheumatism as bad as anyone could, and had not worked for two years. May, 1917 was the blackest month of my life. Both my legs and arms swelled to double their size and I was taken to the hospital. I got no better; doctors and medicines had no effect."

Enlisted At Camp Devens. "No one knows how I suffered, until I read about 'Neutrons Prescription 99' and got a bottle. Right away I improved; the swellings all left my arms and legs. What a relief after all the pain and misery I had gone through. Fully recovered in August I enlisted, and served to the end of the war with never a return of Rheumatism."

No One Need Give Up Hope. "Neutrons Prescription 99' cured me where doctors and hospitals failed, and I do not want any one to give up hope until they have tried this wonderful preparation. I am a living proof of what it will do for others."

Women Need Swamp-Root

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing more than kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pain in the back, headache, loss of ambition, nervousness, are oftentimes symptoms of kidney trouble.

Don't play with kidney trouble. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Ask your grocer to sell you La Touraine in the bean, and have him grind it for you. Coffee that is freshly ground just before it is used contains the largest amount of flavor, because the volatile oils which give us the good coffee taste cannot evaporate so easily from the whole bean.

To make coffee perfectly there are many points you should understand about the peculiar nature of the coffee bean. These and a score of other interesting and vital facts are contained in our little booklet called "How I Make Perfect Coffee." We will be glad to send a copy of this illustrated

"It is really delicious—that wonderful rich coffee taste, that we have never been able to get at home. What is the secret?"

"It's really no secret at all," replied the hostess. "I buy La Touraine, the best coffee I have been able to find, and I see that it is made right. You know, with most of us coffee has been treated like the step-child of the table. We have taken no care in buying or in making it. Care—that's the secret of good coffee."

La Touraine is the best coffee you will be able to find, because it is made by an exacting formula which has

been the pride of a great Boston coffee house for nearly a generation.

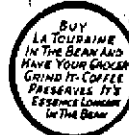

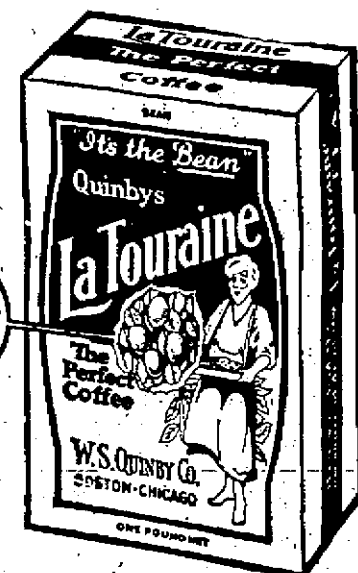

Although the finest coffees of their kind go into La Touraine, we could not get the special La Touraine flavor unless these coffees were blended and roasted in rigid obedience to the formula. Each of these high grade coffees contributes its peculiar snap and richness to the taste.

Try La Touraine today. Your grocer has it. Get the free booklet on coffee-making mentioned elsewhere in this advertisement. Then you, too, will serve the perfect coffee.

Your freedom and your genius and resources combined to link the oceans and the day will come when the commerce of the world will stage its surpassing pageant here. One cannot escape the inspirations and the impelling influences of commerce and trade. The adventurous navigators and discoverers came hither and revealed a western continent to the old world, but they came because they were inspired by trade. Trade has made peoples eminent throughout all the time and this fact is no less true today than in the past.

"In your own republic, you are as-

The supreme problem is to further this essential trade, hold it everlastingly right, and not forget the finer human accomplishments which are essential to spiritual as well as material unbuilding. It would be folly to produce and exchange, if we failed to educate and uplift and exalt.

indexes the best human relationship. I need not assure you anew of the friendship of our United States for your republic. We are deeply interested in the development of your good fortune. More, we want our proven friendship for you to add to the confidence of all America. North, Central and South, in our people and our government. We crave friendly relations, and we wish to promote them and make them abiding. We want a spirit of fraternal Americanism which benefits the American continent, not in selfishness, not in rivalry of the old world, but in a mutuality of interest and helpfulness to one another.

"Indeed, I may speak for our republic. We choose peace and amity with all just peoples, and we crave for all of the Americas that happy relationship and cordial friendship and goodwill which you have uttered tonight, and which I can so sincerely reciprocate and pledge to you and to your people."

In proposing a toast to President-elect Harding at last night's banquet President Porras warmly praised the abilities and personal qualities of the guest of honor who, he said, was as popular in Panama as in his own country. President Porras referred to the canal as "the common property of two nations, dug, as it were, through the heart of our country."

ASK WILSON TO ACT AS MEDIATOR

GENEVA, Nov. 24.—(By the Associated Press.)—The council of the League of Nations yesterday called President Wilson, at the same time as messages of the same purport were sent to the various powers, asking whether he will accept the role of mediator between Mustapha Kemal Pasha, the Turkish nationalist leader and the Armenians. No meeting was held yesterday in order to give the members full time for committee work and there will be no session until next Tuesday.

After the membership committee had decided to make all the new Russian states wait for admission, and the disarmament committee had expressed themselves in favor of delay, the committee on finances and economics decided yesterday it would not act at present on the suggestion of a committee of financiers be chosen to lay plans for an international credit institution.

Austria, the only former enemy state which is likely to be admitted to the league without serious opposition. The majority of members of the sub-committee dealing with the applications of Austria, Bulgaria, Albania and Liechtenstein presided over by Lord Robert Cecil, are said to favor the admission of Bulgaria, but the Rumanians and Jugo-Slavs have declared they will fight against it, asserting that the entrance of Bulgaria into the league now would create a grave complication.

The Montenegro government is industrially circulating the delegations and press representatives in support of its application for admission, of which neither the council nor the committee on new members have thus far taken notice. Montenegro being considered a part of the Serbian-Croatian-Slovene state.

Organization of the clerical staff of the league passed a critical examination yesterday by a committee of four in the course of which Baron Tani-taro Megato, of Japan, demanded a

Elderly People Need This In Medicine Chest

To relieve chronic constipation, always keep a bottle of Dr. Caldwell's Syrup Pepsin handy.

NEARLY all people as they advance in age suffer from chronic constipation. Many, however, are indifferent to the laxative they use, on the theory that "they are all alike." That is a great mistake.

Dr. Caldwell's Syrup Pepsin, for example, is a mild, gentle liquid laxative, and it does not lose its effect with repeated use. It so trains the bowel muscles that in time medicines of all kinds can be dispensed with.

A sixty-cent bottle of Dr. Caldwell's Syrup Pepsin will last many months. The prescription was written thirty years ago by Dr. W. B. Caldwell, a well-known family doctor, who is himself now in his 82nd year and can appreciate what chronic constipation must mean to elderly people; how it brings on headaches, colds, loss of appetite and sleep, heaviness and a general dull feeling.

Every home that has an elderly man or woman should be provided with a bottle of Dr. Caldwell's Syrup Pepsin. Eight million bottles were bought at drug stores last year. It is a truly wonderful constipation remedy.

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

more liberal selection of the personnel of the secretariat from among the different nationalities belonging to the league. Sir James Eric Drummond, permanent secretary of the league explained that the English and French necessarily predominated because English and French are the official languages of the league.

It is proposed to apply a weeding-out process every five years, taking in new blood but retaining the most efficient employees to assure continuity

in the work. Civil service rules, with competitive examinations, also will be imposed.

MOVE TO STAMP OUT THE WANDERING IDLERS

WARSAW, Nov. 25.—The Polish government is making a determined effort to stamp out the wandering idlers now numerous in Eastern Poland. Six years of war have given rise to a class of men little removed from the professional tramp. Driven from their homes and their legitimate occupations by the war, these refugees have been wandering over the country, fleeing from one danger to another, until today it is hard for them to take up any real work seriously. Sometimes it is hard to tell the confirmed idler from the deserving refugee. The Polish government is trying to get them all back to the district from which they originally came. In the meantime, in administering such relief as it finds at its disposal, it insists that applicants for assistance must be willing to work.

Many of the refugees who would be popularly classed in America as "holoneers" are accompanied in their wanderings by children, usually their own or those of some relative. In most cases these children are temporarily placed in an orphanage or similar institution, at least until it appears that the refugee relative is ready to settle down and make a home somewhere.

The child refugee is the greatest present-day relief problem in Poland, according to reports gathered by the American Red Cross, for it is these children, devitalized and weakened by the wandering life of the past years, that must soon take their place as the men and women of the new country.

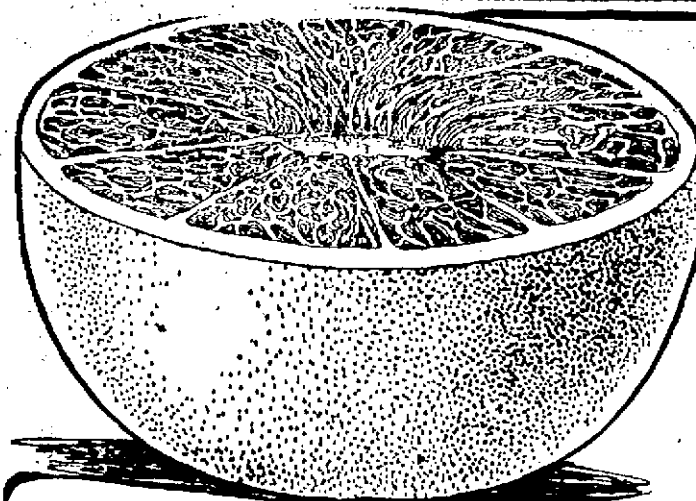

The Red Cross reports indicate that there are more than 500,000 orphans in Poland.

EXCEPTIONAL HONOR FOR LOWELL MAN

For exceptionally meritorious service on the U.S.S. William Rockefeller when that ship was sunk by a torpedo on the night of May 18, 1918, Arthur J. Mulligan of Ash street, this city, has been awarded the navy cross by direction of the president of the United States.

In a letter from Josephus Daniels, secretary of the navy, accompanying the cross, Mr. Mulligan is cited for remaining at his station as a fireman, second class, until the ship was so far down at the stern end that the guns could not be manned.

CITY'S VOTING STRENGTH
Lowell's total voting strength at the present time is 31,502. Following the close of the final registration session of the year Wednesday night the election commissioners announced that a total of 18,714 males and 12,788 females voters are registered. At Wednesday's session which lasted from noon to 10 p. m. 109 men and 174 women were registered.

Do Monkey Glands Bring Health?

Why Run-Down Anaemic Men and Women Have Run-Down Glands

According to the newspaper clippings reproduced here, a half alive old man of seventy-two says he has become as young and healthy as he was at forty by merely eating a few capsules containing monkey glands.

Were this the sole gland success that has been reported, it might mean little. But it is only one of many remarkable cases of restored health and strength, which have recently been published in the press. Scarcely a week passes without some example of this new kind of treatment being printed in the leading newspapers of the country.

And now it seems that the gland extracts which are most often used are not necessarily those which come from monkeys. In fact many prefer the gland extracts of sheep and cattle when prescribed in tablet form.

It should not be supposed either that gland extracts are effective only with old people. For they are being used extensively by young men and women who are anaemic, run-down, nervous, thin, pale, weak, with results that are unusual. As a tonic and strength builder gland extracts, it would seem, have their greatest use.

The reason appears to be perfectly simple. According to those who have given this new treatment great

Gland Capsules Give Man of 72 the Health of Youth

Robert George Laws, seventy-two, a retired London broker who arrived here recently on the liner Celtic, claims his health and strength were recently restored after years of illness by the use of capsules made up of monkey's glands.

He asserts fifty capsules made from the prescription of a professor whose intestinal gland discoveries astounded the medical world not long ago, have added years to his life.

Laws appears to be about forty and possesses unusual strength. He asserts the administration of the monkey's glands restored his health after ten years' illness.

(The above is from a newspaper article.)

supply to the blood. When the glands for any reason fail to supply these hormones the building up of our cells is slowed down and we become weak and anaemic and generally run-down. Gland extracts from animals may then be used to supply the very substance which the glands have failed to produce. And the result is that the cells of the run-down conditions are attacked. This idea of using animal extracts is not in itself new, peppin, which has been used for years in medicine, comes from the stomach of an animal.

While it may seem almost too good to be true there have been reports of people who say they have almost doubled their strength and endurance by this method and frequently realize as old to be felt in the first few days. In fact, it would almost look as though there was at last a practical method of using this new discovery. Gland extracts from sheep and cattle in combination with peptonate of iron, calcium glycerophosphate and nux vomica, well known tonics, can now be purchased at any drug store under the name of Glandex compound.

Note—Glandex compound is prepared under the direction of the Glandex company, 245 West 25th street, New York, and is guaranteed to bring satisfactory benefit in 10 days or money refunded, so it can be taken with full confidence of results or no cost.—Adv.

BRITISH FLAG STARTS RIOT IN NEW YORK

NEW YORK, Nov. 26.—The usual quiet observance of Thanksgiving day here was violently interrupted yesterday when crowds, who had attended a high regatta mass in memory of Terence MacSwiney, late lord mayor of Cork, rioted at the sight of a British flag decorating the facade of the Union club across Fifth avenue from St. Patrick's Cathedral.

After a fight, participated in by hundreds of Irish sympathizers, in the course of which plate glass windows of the club were shattered by missiles, order was restored when a cordon of

200 police established itself around the building.

The Union Jack, which was the cause of the assault, was taken down at the first demand of the crowds. But subsequently replaced and was still draped over the sidewalk with the emblems of France and the United States when the fracas ended.

Priest Pleads in Vain
When the clamor of the first rush on the offending banner was at its height, the Right Rev. Michael J. Lavelle, rector of St. Patrick's, clad in his priestly robes, rushed out of the church and pleaded in vain with the leaders to quell the disturbance.

After mounted and motorcycle police had dispersed the assaulting forces a survey of the field of battle revealed as casualties a dozen or more slightly injured who had been struck by flying bricks. All windows on the lower

floor of the club had been smashed.

Before the beginning of the MacSwiney mass the attendance at which taxed the capacity of the great cathedral, a delegation of Irish requested that the British flag be removed. The club superintendent complied, but later, on instructions from club officials, the flag was replaced.

When the service was over the flag again caught the attention of members of the congregation. Stones and bricks were procured from a nearby building under construction and the attack began.

Fifty Police Powerless
A riot call at first brought 50 police, all on foot. These fought desperately, using their night sticks freely, but were powerless against the heavy odds. Only after the arrival of reinforcements did the officers succeed in driving back the attackers, who had been prevented from entering the building itself by determined club members and employees, who manned the doors. Several women effected entrance at one time, but were driven out before any damage was done to the interior of the building.

Four arrests on charge of malicious mischief were made.

The MacSwiney memorial service was attended by many prominent Irish here, including Edmond de Valera, "president of the Irish republic" who occupied a place in the front row.

Mr. Lavelle paid a tribute to the late mayor of Cork, who died after a hunger strike in Brixton prison, London, calling him a "man whose high record proclaimed him just, whose deeds made him a hero among his fellows, and whose name will live in the memory of the world."

STOCK MARKET

NEW YORK, Nov. 26.—Favorite issues recorded variable gains at the opening of today's stock market, the movement denoting further short covering. Within the first half hour, however, a sharp reversal set in, especially weakness being shown by shipbuilding and oil. Atlantic Gulf and Mexican Petroleum lost three points each, Royal Dutch 2, Baldwin Locomotive 1, and Canadian Pacific and St. Paul large fractions. Initial gains in Reading, Northern Pacific, United States Steel, Bethlehem Steel, and American Sugar were forfeited. Exchange on London and other foreign centers was heavy.

Mexican Petroleum and Crucible Steel suffered extended losses of five points in the early reaction. United Fruit fell two and Royal Dutch, International Petroleum, and Canadian Pacific, American and Houston Oil 2 to 2 1/2. Baldwin Locomotive lost 2 points, and Canadian Pacific and St. Paul large fractions. Initial gains in Reading, Northern Pacific, United States Steel, Bethlehem Steel, and American Sugar were forfeited. Exchange on London and other foreign centers was heavy.

Transcontinental rails and coals made additional gains, but oil, shipbuilding, steel and food specialties were under increased pressure. The closing was heavy.

LOWELL AND WORCESTER SPLIT EVEN ON HOLIDAY

The Lowell Polo club split even on the holiday, winning yesterday afternoon at Worcester in a fast overtime game, 6 to 4, and losing last night at the local track to the "Jiggers" by the score of 12 to 4.

The afternoon game was a hummer all the way with the winter in doubt right on until the Hart hammered in the final goal. The work of Hart and Lovegreen featured for Lowell, while Mulligan starred for Worcester. Last night's game was a good one for two periods, but in the final stages Jigger Higgins cut loose, and aided and abetted by Mulligan and Griffith, played the local soft feet.

Lowell was handicapped by the fact that a sick man and couldn't play his usual strong game. The other men realizing Hardy's condition did all in their power to land the verdict but they played themselves out. Lovegreen, making his local debut at goal for Lowell, put up a classy exhibition. He was submitted to a terrific attack, but he stood up well under it. In the third period, however, he met with an accident that effected his playing. A ball driven by Griffith at great speed hit him on the point of the chin, and he dropped to the floor. He was soon revived, but did not work with the team as before. After this, Worcester goals poured into the cage. The lineup and scores:

Turkish Nationalist Forces Advance

SMYRNA, Nov. 24.—Turkish nationalist forces have advanced in the Ushak sector, about 100 miles east of this city, and have occupied the townships of Ine-Guele, Simav and Demirci. The Greek troops that have been holding the line in this region withdrew without fighting, it is said. In addition, word has been received that the nationalists have occupied Yenisehir, 25 miles northeast of Bursa, and near the sea of Marmora. Discipline is being maintained in the Greek army, with the exception of a number of incidents. The situation, however, seems to be uncertain.

people was raised. Premier Lloyd George declared:

"I have always been convinced that no policy of conciliation is possible in Ireland until the reign of terror has been broken, for the very obvious reason that men in Ireland who would be prepared to enter into negotiations at the present time are in terror of their lives and cannot do so freely."

Answering another question, the premier said the cabinet had come to the deliberate conclusion that it was not desirable at present to enforce martial law in Ireland. He believed it would not help even if it were applied.

Carson Not Coming

LONDON, Nov. 26.—Sir Edward Carson, unionist leader, yesterday denied reports that he had received an invitation to appear before the committee of 100 in the United States and give testimony regarding the Irish situation. He said he would regard such an invitation as "gross impertinence."

It was announced in Washington on Nov. 23 that Sir Hamar Greenwood, chief secretary for Ireland; Sir John French, lord lieutenant of Ireland; and Sir Edward Carson had been invited by the committee of 100 to come to the United States to testify in the hearings being held by the committee's commission of seven. Sir Edward Carson, the announcement said, was invited "to voice the view of the Ulster minority."

Mrs. MacSwiney Sails

QUEENSTOWN, Nov. 26.—Mrs. Muriel MacSwiney, widow of Lord Mayor Terence MacSwiney of Cork, and Mrs. MacSwiney, his sister, who are journeying to the United States to testify before the Villard committee of 100 investigating the Irish question, embarked quietly on the steamer Celtic yesterday. Few people were aware that they were sailing.

They were accompanied on the tender which took them to the Celtic by Mrs. MacSwiney's brother-in-law and Mrs. MacSwiney, widow of Lord Mayor MacSwiney of Cork, Mayor MacSwiney's predecessor, who was murdered in March last.

Wilson Presents de Valera's Plea

WASHINGTON, Nov. 26.—President Wilson has transmitted to the state department a lengthy formal plea by Eamon de Valera for American recognition of the Irish republic. Mr. de Valera signed the document, which covers several thousand words, as president of the Irish republic.

The document sets forth the "rights" of Ireland and reviews the traditional policy of the United States, quoting numerous precedents toward subject peoples aspiring to independence, beginning with Thomas Jefferson.

This is the first time that the Irish cause has been laid before the state

FIFTY YEARS AGO

It was the custom of our grandparents when anything was the matter with their stomach, liver or kidneys, to take a remedy composed of the right kind of roots and herbs, and by so doing lived to a ripe old age. It is also true that the Shakers, who have always depended upon the life-giving juices of leaves, roots and herbs, are long-lived people. The roots and herbs of which SEVEN BARKS is principally composed were gathered by the Shakers for many, many years, then scientifically blended, and SEVEN BARKS has become famous as one of the most reliable remedies for indigestion, constipation, liver, kidney and stomach disorders.

Dull pains in the back, often under the shoulder blades, poor indigestion, heartburns or flutters, sour risings, yellow skin mean liver troubles, and you should take SEVEN BARKS. It will relieve you, as it will make the liver active, tone up the digestive organs and cause the bowels to act normally.

SEVEN BARKS is not a cure-all, but a very reliable remedy that will at once act on the liver, stomach and bowels, set them to right, tone and strengthen the general health.

If you want to get the greatest efficiency out of your body, enjoy and prolong your life, take SEVEN BARKS. At druggists, 60 cents a bottle. Don't out it off; get it today.—Adv.

Two More Killed in Cork

cabled to this country that he charged the policy of reprisals in Ireland was determined upon by England more than a year ago, and inaugurated last March with the assassination of Lord Mayor MacDonagh of Cork. Everybody in Ireland deplored the bloodshed. Mr. Griffith said, "but England started it and she could get it stopped in 24 hours, if she so wished." At the outbreak of his interview Mr. Griffith disclaimed any responsibility for the operations of the "murder gang" the existence of which was charged by Sir Hamar Greenwood, chief secretary for Ireland in a recent speech. The real "murder gang" was in Dublin castle, Mr. Griffith declared.

Arthur Griffith began to come into prominence in the Sinn Fein movement at the opening of the Sinn Fein conference in Dublin in October of the year. In a bye-election in June, 1916, he was elected to the House of Commons for East Cavan, and was returned for this constituency and Northwest Tyrone, in the general election of the same year. Like the other Sinn Fein members, however, he refrained from taking his seat after the general election. During the hunger strike of Lord Mayor MacSwiney of Cork, he was the author of an appeal to President Wilson and all the heads of governments on behalf of the lord mayor.

Prof. John MacNeill is professor of law in the National University of Ireland. In May, 1916, he was found guilty by a court martial of complicity in the Easter rebellion of that year and sentenced to life imprisonment, but was released during 1917. During the round-up of Sinn Fein leaders by the British the next year, he was one of the few prominent Sinn Fein men who was not arrested. In the general election of 1918, he was chosen to parliament as a Sinn Fein member, but did not take his seat.

Seventeen thousand men enlisted in the U. S. army last month.

MEMBERSHIP DRIVE IS PROGRESSING

In the annual Red Cross roll call the North Middlesex chapter of the organization has now a total of 9185 memberships with many more to be reported before the drive is brought to a close. It is expected that the final total will exceed 11,000. The Highlands district has been canvassed for 120 memberships and Belvidere for 137. Frank Kus of Team C, who has worked among the Polish people especially in the Massachusetts mills, has turned in a total of 514 memberships, the largest number for any individual. The Appleton mill list shows 634 members; the Massachusetts mill 544; the Lowell Electric Light Corporation 101 members; Tewksbury 236; the local postoffice 57; Dickerman & McQuade's, Macarney Apparel Shop, the P. & Q. shop and the J. C. Ayer company are the most recent 100 per cent membership bodies.

The approximate tabulation is as follows:
